Entire State Republican Ticket Elected—Pelletier Defeated by O'Brien

Democrats Gain One Congressional Seat in State—Connery Defeating Butler

Miss Donaldson and Mrs. Fitzgerald Elected by House of Representatives

Act Providing for State Censorship of Motion Pictures Defeated—Other Referenda

BOSTON, Nov. 8.—Senator Henry Cabot Lodge was re-elected over William A. Gaston, democrat, yesterday, by a plurality of 1945.

The vote of the state complete was: Gaston, 414,730; Lodge, 416,675. Governor Channing H. Cox, republican, won re-election over John F. Fitzgerald by a margin of 56,045, the vote of the state complete being Cox, 468,277; Fitzgerald, 412,232.

A recount of the vote for senator undoubtedly will be asked by Col. Gaston, some of his associates said. The colonel himself had not weakened until some time after the complete returns were in.

Connery Defeating Butler

The democrats gained one congressional seat through the victory of William F. Connery, Jr., over Frederick Butler, republican, in the Seventh district. This gives them three of the 15 congressmen from this state. Gains also were made by the democrats in the legislature where they will have two additional senators and 27 more seats in the house. This will give the next senate 33 republicans and seven democrats.

Two Women Elected to House

For the first time women were elected to the house, the winners being Miss M. Sylvia Donahue of Brockton, republican, and Mrs. Susan W. Fitzgerald, democrat.

## DEMOCRATIC GAINS IN NATIONAL ELECTIONS CONTINUE TO PILE UP

Important Figures in Republican Administration Retired to Private Life—Democrats Sweep New York, Electing Smith Governor and Copeland U.S. Senator—Edwards Defeats Frelinghuysen in New Jersey—Miss Robertson Beaten by Democrats—Sen. Hitchcock Defeated

NEW YORK, Nov. 8. (By the Associated Press).—Democratic gains in the national elections continued to pile up steadily as belated returns came in from all parts of the country early today. The great majority rolled up for the republicans in the Harding landslide of two years ago was gnawed into by the democrats in districts in all debatable states until there seemed a chance that it virtually might be wiped out or at least reduced to a slender working force for the administration.

Some important figures in the republican administration went down to defeat and some members of the senate and house personally close to President Harding will return to private life with the rising democratic tide.

The republican forces failed to break into the democratic ranks in the fourth district which they have held there for years—the ninth Virginia. Speaker Gillett was re-elected; Uncle Joe Cannon passed on his seat from Illinois to a republican. Miss Alice Robertson, republican of Oklahoma, the only woman in congress, was beaten by a democrat whom she defeated two years ago and the present house got an additional woman member, a republican, in Mrs. Winifred Huxley, a daughter of the late William M. Maun of Illinois, who had served in both senate and house. She was elected to fill out her father's unexpired term and will only serve until next March.

With the defeat of Governor Miller of New York by Alfred E. Smith, the republicans also lost 13 seats of the Empire state in the house of representatives and a senator, William M. Calder, who was beaten by Dr. Royal S. Copeland, democrat, health commissioner of New York city.

With democratic victories in other states some national figures close to the republican administration and President Harding personally went down to defeat.

## GREAT DEMOCRATIC VICTORY IN NEW YORK

NEW YORK, Nov. 8. (By the Associated Press).—Riding on the crest of a tide, the entire democratic state ticket and its candidate for United States senator, gave the party a majority of the state delegation to congress and reduced the republican control of the state legislature to a slight majority. Alfred E. Smith was elected governor of New York yesterday by a plurality of approximately 118,000 over Nathan L. Miller, who defeated him two years ago.

In accomplishing this notable personal triumph, Smith carried his native city of New York by a plurality of nearly 47,000, the largest it has ever given any candidate for any office. With all but 295 of the state's 7301 election districts accounted for at 7 o'clock this morning, the vote was: Smith, 1,075,646; Miller, 970,883. Dr. Royal S. Copeland, democrat, health commissioner of the city of New York and former republican mayor of Ann Arbor, Mich., defeated United States Senator William M. Calder, republican, running for re-election, by a plurality of approximately 275,000.

The vote, with 940 of the 7301 election districts missing, was: Copeland, 1,125,823; Calder, 849,946. Complete returns from New York for governor, give: Smith (D) 1,075,646; Miller (R) 970,883; Cassidy (Social) 62,434.

Republicans will have a majority of only one in the new state senate, which will consist of 26 republicans and 35 democrats. The present senate is made up of 33 republicans, 11 democrats and a socialist.

Sen. Townsend Defeated. DETROIT, Nov. 8. (By the Associated Press). With but 615 precincts of the 2906 in the state missing this morning, former Governor Woodbridge Y. Ferris, (D) apparently had been elected to the United States senate over Senator Charles E. Townsend, (R). Ferris steadily was increasing his lead as additional returns were received from the vote stand. Ferris, 235,525; Townsend 220,450.

G.O.P. Wins in Michigan

DETROIT, Nov. 8.—Michigan voters yesterday re-elected the entire republican state ticket but apparently departed from tradition in the senatorial election. The selection of a democrat for one of the senate seats occupied for years by a republican, appeared as a strong possibility.

Woodbridge N. Ferris, former governor, socialist, 24,563; Stafford, (republican) 20,575. One hundred and six precincts out of 131 in the Fourth district give Scheffer, republican, 15,406; Meism, socialist, 14,292.

Close Fight in Wisconsin

MILWAUKEE, Wis., Nov. 8.—Returns from 127 out of 153 precincts in the fifth Wisconsin district give Berger, socialist, 24,563; Stafford, (republican) 20,575. One hundred and six precincts out of 131 in the Fourth district give Scheffer, republican, 15,406; Meism, socialist, 14,292.

Bayard Leads Du Pont

WILMINGTON, Del., Nov. 8.—With 12 districts not heard from, Thomas P. Bayard, democrat, had a lead of 262 over Coleman Du Pont, republican, for United States senator.

Edwards Wins by 60,000

NEWARK, N. J., Nov. 8.—Governor Edward I. Edwards, democrat, overwhelmed United States Senator Joseph S. Frelinghuysen, friend of President Harding and administration spokesman in the race for the seat in the senate at Washington in the New Jersey elections yesterday.

Running far ahead of Judge Sizer, the democratic candidate for governor, who was elected, Governor Edwards held a two to one lead over his colleague, and won the election by close to 60,000 votes.

State Dry Act Beaten

SAN FRANCISCO, Nov. 8.—Defeat of the state prohibition enforcement act in California was indicated by returns from 670 precincts early today. The vote stood: For, 13,120; against, 30,564. The vote for governor in 1659 in complete precincts out of 6881 in the state was: Richardson, republican, 52,426; Woolwine, democrat, 52,234.

## DEMOCRATS WIN NEW HAMPSHIRE

Elect Governor and Congressman and Win Control of Lower House

Second Time Since 1875 That Democrat Has Been Elected Governor

MANCHESTER, N. H., Nov. 8.—New Hampshire, which returned a republican majority of 31,000 votes for governor in 1920, went democratic by 10,000 yesterday. With 18 small towns missing, the vote for governor was: Fred H. Brown, (D) 67,201; Windsor H. Goodnow (R) 57,574. This is the second time since 1875 that a democratic governor has been elected in this state.

The democrats also captured one of the state's two congressional seats, electing William N. Rogers, in the first district by a vote, with 14 small towns missing, of 35,371 to 20,911 for John Scammon, republican. Congressman Edward H. Wason, republican, was re-elected in the second district his vote with nine towns missing being 29,804 to 20,029 for William H. Barry, democrat.

The democrats won control of the lower branch of the legislature, electing 126 representatives to 205 for the republicans, with three districts missing. The republicans retained a lead in the senate with 15 seats to nine for the democrats, a democratic gain of 6. The executive council also remains republican.

Former Governor Robert P. Bass, once a progressive party leader, was elected a state representative from Peterboro.

## FUNERAL NOTICES

SANDERS—Died in this city, Nov. 5 at her home, 33 Grove street, Mrs. Orpha Sanders, aged 22 years, 3 months and 15 days. Funeral services will be held at her home, 33 Grove street, Thursday afternoon at 2 o'clock. Friends invited without further notice. Burial private. Undertaker Hiram C. Brown in charge.

Dr. Leader Elected to Congress

DETROIT, Nov. 8.—Grant M. Hudson, a prominent prohibition worker and former head of the Michigan Anti-Saloon league, was elected to congress from the Sixth Michigan district. Hudson is a republican and defeated Charles Adair, democrat.

## Big State Ticket Vote in Lowell-Reilly For District Attorney Carries City By Over 7000

Plan B is Adopted—Crushing Vote Registered Against Movie Censorship—Majority Against Volstead Enforcement—No Change in Delegation to General Court—W. C. Purcell Re-elected Registrar of Deeds—Summaries of Vote on Leading Contests and Referenda

Lowell voters yesterday gave substantial majorities to all democratic candidates who sought votes throughout the entire city, with the exception of Andrew E. Barrett, as Congressman Rogers withstood the democratic slide and won a majority of 2104 over his opponent, voted to accept the Plan B form of government by a majority of 1650 votes, turned down motion picture censorship more than three to one and declined to favor the prohibition act as applied to the state by a majority of 2712.

Col. William A. Gaston, senatorial candidate, led Hon. John F. Fitzgerald and both had well defined majorities over Hon. Henry Cabot Lodge and Gov. Channing H. Cox, respectively. It remained for James C. Reilly, however, democratic candidate for district attorney, to blaze the way for the sons of democracy. In his home city, Mr. Reilly, polled 15,451 votes, or 1848 more than Col. Gaston could muster. In piling up this impressive total the local barriester forged ahead of his ticket approximately by 1700 votes.

Gaston's majority over Lodge was 4356, while Fitzgerald led Cox in the city by 3321 votes.

Two senatorial contests found republican winners. Frank H. Putnam in the eighth district defeating Hon. Henry A. Draper, and Charles P. Howard of Reading forging ahead of William A. Gurin of this city in the seventh, or Shoe-String district.

As was foretold, Owen E. Brengren and Charles H. Slattery, seeking reelection in the 14th district, had little trouble in holding an advantage over their republican opponents, Harry W. Leavitt and John A. Mahoney, and in the 15th district, Henry Achin, Jr., Victor F. Jewett and Fred O. Lewis, all republicans, were successful. There was no contest in the 11th district, where Thomas J. Corbett won the election on nomination day.

William C. Purcell, registrar of deeds, disposed of his republican opponent, Councilor Frank K. Stearns, by approximately 5000 votes. Of this total, 2129 represented Mr. Purcell's lead in the city wards.

Returns were very late in arriving at city hall and it was 3:30 o'clock this morning when the ballots from Precinct 1 of Ward 7 arrived at the office of the election commission. It was a big vote in all parts of the city despite an uncomfortable day.

With returns from all cities and towns in the county complete, Arthur C. Reilly, republican, defeated James C. Reilly of this city for the office of district attorney by 5222 votes. Reilly's votes were 55,191, against 55,972 for Reilly. The fight was close all the way, but the votes of Malden, Somerville and Medford gave Reilly big majorities.

## DEVELOPS CHAMPIONS BUT CAN'T SWIM 440

CHICAGO, Nov. 8. (By the Associated Press.)—Not long ago the newspapers recorded the fact that Miss Sybil Bauer, 17-year-old Chicago girl, had swum the 440 yard backstroke in a meet in Bermuda in 6.24, breaking for the first time in recorded athletic history, a world's record held by a man. The old mark of 6.28 was held by "Stubby" Kneeger.

Behind that bare announcement is the story of a coach who can't swim the 440, or probably half that distance, but who has brought out many of the most famous swimmers in recent years, including Miss Bauer, Johnny Weissmuller, Norman Ross, Perry McGillivray, Mike McDermott and Harry Hebrich.

He is William Bachrach, swimming instructor of the Illinois Athletic club. Once, in his early days, "Bach" was a great "third place athlete," he says. Back in 1897 he made his only appearance in a national swimming tournament, entering the 100 yard swim in a meet in Lincoln park basin here. There were four entries and Bachrach won his one and only swimming medal when he finished third—after the fourth man swam himself out and quit at the end of 29 yards.

Now, weighing, by his own admission, "five pounds less than a battleship," he sits in a large wicker armchair beside the L.A.C. tank and trains promising youngsters to break all the swimming records from the Bermuda to Honolulu. Once a month or so when they fill the tank up to 11 feet for the water games, "Bach" dunks in with a mighty splash and does a round or two, but that is about the extent of his own water work.

Anybody can be a good swimmer if he has the will to work and work hard, Bachrach says. "He may not be a champion, for it just isn't born in some people to be champions, but if he is willing to plow along day in and day out and stick to the deadly grind he will be a good swimmer."

"The trouble is that lots of swimmers, and sometimes those with most natural talent, haven't enough of the will to win to keep at it."

"What is the secret of your success as a coach?" he was asked.

"Making them work day in and day out, I require my teams to swim a quarter of a mile a day. I don't hold a stopwatch on them, they can take their own time, but they must swim at least that quarter of a mile. After that they can play around the tank if they want to so long as they work."

"If a swimmer swims 500 yards a mile in a year that is miles. Nobody can swim 75 miles a year without developing. They are bound to learn something."

"I sit up here and watch them swim their 11 laps, and when they come out I talk over things and point out their mistakes and suggest improvements. That's all there is to it."

"My principle is to get them young. Sybil Bauer came to us four years ago when she wasn't quite 14 years old. We had announced through the news-

papers that we were going to organize a class for girls, and invited swimmers to apply. She was in the class. One day I saw her using the back stroke and doing very well with it. We talked it over and she decided she wanted to be the world's greatest back stroke swimmer. Today she is."

Bachrach passed over his own inability to rank above the mediocre swimmers with the explanation that the best coaches don't swim. "That applies in other sports, too," he says. "Zappie down at Illinois was never much of a football player, but look what a coach he is. When you work around here all the time you don't have the desire to swim much. It's like being a chef. Nobody ever saw a chef eat much, unless he was out at somebody else's house."

Really great swimmers, "Bach" says, are born, not made. "You can't put a voice in anybody," he explains. "There would be no use of my going to a singing teacher to cultivate a voice I haven't got. But while everybody can't be a great swimmer, he can be a good swimmer, if he wants to work for it."

Most of the famous swimmers developed under his tutelage are products of the Chicago public beaches and Y.M.C.A. pools. Back in October, 1920, a boy, one of his teachers told Bachrach a friend who was swimming at the Oak street public beach had been begging to be brought down to see the L.A.C. coach. This swimmer asked permission to bring his friend in order to put a stop to his plans.

He brought in his friend, whose name was Johnny Weissmuller. Between October, 1920, and August of last year Bachrach trained Weissmuller. Fourteen months ago he entered his first big meet. Up to the present he has broken 37 world's records.

## MOTOR PILGRIMAGE TO THE SUNNY SOUTH

JACKSONVILLE, Fla., Nov. 8.—Somebody in Maine or Minnesota discovered a few years ago that he could load his family into the family flyover and drive to Florida for the winter at an expense about equal to the railroad fare for one person.

Now motor cars, from the quiet run-

ning sedan to the rattling, banging flyover with frying pans, lanterns, coffee pots, buckets and other utensils attached all over them from radiators to spare tire racks, descend upon Florida in droves hearing the vainglorious of the thousands of tourists who motor to the peninsula in the fall from all parts of the nation.

The movement is not expected to be in full swing before the middle of November, but for weeks they have been trickling through the gateways and by Oct. 15 it was estimated that during the daylight hours one tourist car was crossing the border over the three highways every 15 minutes.

Some of the vehicles include contraptions never before seen on four wheels. One favored by many of the travelers is a chassis with a one-room house upon it, equipped with everything from stationary wash basin to rocking chairs.

The flyover with camping equipment suspended from every possible part of the car to which a bit of wire or

cord can be attached, is the most common long distance traveler. A "hay burner" lantern, one of the variety usually seen about farmhouses, may be attached to the radiator cap. Under the car may be swinging two or three water buckets, each filled with cooking utensils or other articles. A frying pan may be attached to a door handle and the running boards usually are weighted down with baggage and the inevitable small tent that may be erected within a few minutes when the tourist finds a likely place to stop for the night.

Every city and town in Florida along the motor routes within the last few years has established a camp site, and in the case of those on the outskirts of the larger places, are equipped with electric lights, water mains and sewerage. Every camp now is under the supervision of the state board of health and one sanitary engineer devotes his entire time during the winter to the inspection of them.

## EAGLES INITIATE NEW MEMBERS

Fifty-three new members were initiated in Lowell Aerie, 233, Fraternal Order of Eagles, at an overflowing meeting in Eagles hall last night. Owing to the fact that Thomas B. Murphy, the new grand trustee of the order, was present and gave the charge, the new class was christened the "Thomas B. Murphy" class. This was Mr. Murphy's first visit to Lowell since he was elected to office. The grand trustee addressed the large gathering on the general welfare of the order and laid particular stress on the old age pension, which the order is attempting to put through in the state legislature. There is a committee from the Lowell Aerie which is aiding in organizing the various orders in stirring up interest and enthusiasm with regard to the passage of this bill. This committee is composed of P. W. P. Edward Flanagan, Joseph Hughes, ex-Senator Henry J. Zapp, Martin Crowe and John M. Hogan.

Following a talk by Daniel Sullivan and the initiation of the new members, solos were given by the following: John E. Devlin, George D. Freeman, William Looney and Patrick T. Grady. The general committee in charge of the evening was as follows: Chairman, Secretary John M. Hogan; W. P. Timothy P. Barry, W. V. P. George D. Freeman, Chaplain Joseph Hughes, P. W. P. James H. Twist! luncheon. Saw Tom B. Johnston, once a newspaper artist and now collecting royalties for the music of "Molly Darling." Saw "The World in Which We Live," a Czechoslovak comedy which affords a worm's-eye view of humanity and a stinging satire of war. Saw a magnificent storm scene in "The Town That Forgot God," a movie very ordinary in every respect. Saw Channing Pollock, author of "The Fool," which promises to run for many months. "I thought it would run only for a few weeks," he told me. Saw Pete Smith and Harry Wilson, famous publicity hounds from Hollywood. Each gave me a fat cigar and I gave them away. Jaws got tired holding "Seventh Heaven." She's the most forceful, realistic actress on Broadway today. Saw Bebe Daniels. Shall write more of her anon.

At Studio Keyholes  
Allan Dwan is to direct "Glimpses of the Moon" with Rebecca Daniels in the featured role.  
Marion Davies has a monkey and a parrot for pets. Theodore Roberts has added a goat to his menagerie. Some star might adopt one of the dinosaurs that Famous Players wants to give away.

RADIO 6500 MILES  
During a cold night recently when atmospheric interference was almost eliminated, the wireless station at Estacion, 150 miles southwest of Victoria, B. C., was able to hear Baranonga, New Zealand. The distance covered is about 6500 miles.

Travelers on the buses of New York next year will be entertained during their journeys with radio. A large signifying bus company of that city has made preparations to equip all its vehicles with radio receiving sets.

HUSBAND'S LOVE SET AT \$2000  
Clyde J. Thompson of Detroit is worth \$2000 to his former wife, Mrs. Dora Pettier, according to allegations of Mrs. Thompson, his present wife, in her suit for divorce. Mrs. Thompson charges Mrs. Pettier had expressed willingness to buy Thompson back for \$2000. Mrs. Pettier denies this and says it is the price Mrs. Thompson herself set on her husband.

## "NO COMPETITOR TO CABLES"

By N.E.A. Service  
NEW YORK, Nov. 8.—Transatlantic radio is not taking any of the overseas business away from the cable companies, says Newcomb Carlton, president of the Western Union Telegraph company.

"The Radio Corporation of America is today transmitting from 12 to 11 per cent. of the eastward and westward business between the United States, Great Britain and Continental Europe," said Carlton. "While a considerable part of this business would no doubt have gone to the cable companies, an important part is newly created traffic."  
"The radio rate from New York to London is 15 cents a word, competing against a cable rate of 25 cents. In other words, with rates 30 per cent. cheaper, the radio is doing from 12 to 11 per cent. of the business."

"that's more like it!"

## OFFICIALLY BANISHED TURBANS REMAIN

Fashion has made most women lengthen their skirts, often very much against their wills, but is powerless when it comes to dislodging the small hat from favor.

"Long skirts demand large hats," the experts say, but women go right ahead ordering small ones, or making them themselves. And therein lies the secret of the popularity of the small hat—it may be contrived at home by any woman with the style sense, even if her knowledge of sewing is most limited.

It is a fact that many of the most smartly dressed women today who buy their gowns of the most expensive modistes take great pride in making their own hats.

Of all types, the easiest to make is the fur-trimmed turban. And this hat is to be the style leader for the next few months. The shops are showing the most fascinating ones that may be easily copied on inexpensive frames.

The new metal brooches are effectively used for crowns, so are the figured silks and the plain velvets or satins that match the fur or the costume with which the hat is to be worn.

Frequently there is no trimming, but the fur, but in many of the smartest shops one sees many novel ideas. Frequently a bouquet of small French flowers in delicate or vivid colors is outlined with fur and placed directly in front. A beaded ornament with a feathery arrangement or a single feather used in the same manner.

Ermine, mole and some of the thinning fur are often used for trimmings on a velvet turban. They are

tied into loose bows or knots with ends that are allowed to dangle off the edge and show a bit of gorgeous lining.

Velvet flowers and fruits are re-tailed this season in very unusual and fascinating colors and shapes—taking their inspirations from art rather than from nature. These nestle very effectively in fur.

Hats made entirely of fur are very fashionable, but they are much more difficult for the amateur milliner. Unless they are handled very knowingly they are apt to look heavy.

If you haven't a little fur-trimmed turban in your home you should take steps to acquire one immediately.

### Health Is Vital!

Read What This Mother Says:

Albany, N. Y.—"I have been wonderfully helped by taking Dr. Pierce's Favorite Prescription. During pregnancy my health was very bad. I became so weak and all run-down that I could not get around to do anything—just had to be around all the time. I decided to take Dr. Pierce's Favorite Prescription, and by the time I had taken about one bottle I was able to be around and do my work. I got along fine after that, never having any more trouble. I had practically no suffering and my child was very healthy. Always since that experience, whenever I feel the least bit run-down or in need of a tonic, I take a bottle of Favorite Prescription and it makes me feel fine."

### OUCH! LAME BACK

RUB LUMBAGO OR

BACKACHE AWAY

Kidneys cause backache? No! Listen! Your backache is caused by lumbago, sciatica, or a strain, and the quickest relief is soothing, penetrating St. Jacobs Oil. Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappear. Don't stay crippled! Get a small trial bottle of St. Jacobs Oil from your druggist and rub it up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest, St. Jacobs Oil whenever you have sciatica, rheumatism, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.—Adv.

### TO DARKEN HAIR

APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, white and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound, which is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not infrequently all that remains of your youthful appearance and attractiveness, by darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes luxuriantly dark, glossy, soft and luxuriant.—Adv.

### POSTOFFICE 850 MILES

FROM NORTH POLE

OTTAWA, Ont., Nov. 8.—As the result of recent voyages of exploration in the north, Canada now claims the most northerly postoffice in the world.

Craig Harbor on Ellesmere Island, only 550 miles from the Pole. Another new postoffice in the northland is at Ponds Inlet, on Baffin Island. Both were established by the Canadian explorer, Captain Bernier, during the latest tour of his schooner, the Arctic.

An inspector and six men of the Royal Canadian Mounted Police are at Craig Harbor, where they have established a post, while four representatives of the famous police corps represent law and order at Ponds Inlet. Sergeant Joy of the "Mounties" has been in the district a year investigating an Eskimo murder.

The Herald expedition was sent for the purpose of taking the first steps in an extensive program calculated to maintain efficiently Canada's sovereignty in the vast northern region, known to be rich in mineral deposits. The vessel carried materials for the

REDUCE YOUR FAT WITHOUT DIETING

Years ago the formula for fat reduction was "diet." "Exercise." "Toilet Tablets." Friends tell friends—these friends tell others. They eat substantial food, live as they like and still reduce steadily and easily without going through long stages of tireless exercise and starvation diet.

Michigan punted eleven times in the game. Not one of Harry Kipke's kicks could be returned. Two were over the goal line, and nine were out of bounds.

Among these out-of-bounds kicks were two that went more than 50 yards. One of them was outside on Ohio State's 7-yard line, another on the 11-yard line and still another on the 14-yard line.

In no other game on record has every ball kicked by one side been kicked so that it was impossible to return it. Kipke's placing of the ball was uncanny.

The other feature was that Michigan, the winning team, did not once use a close formation on offense.

A week before, Michigan, playing against Vanderbilt, had been stopped in her attack whenever the close formation was used by Vanderbilt's nine-man defense line, so, after that game, Coach Yost of Michigan threw out every play that called for a close formation.

### PUNTS ELEVEN TIMES

NOT ONE RETURNED

The recent Michigan-Ohio State game furnished two features probably never before recorded in a game.

According to a statement issued by the Canadian department of the interior, it is the intention of the government to establish additional posts year by year, and to continue extensive and exploratory work. A patrol ship will visit the new northern posts annually, taking in supplies and mail to the men left there. A representative of the Air Board accompanied the expedition and will report on the possibilities of aviation in the north, with particular reference to patrols, and exploratory and survey work.

The couple has separated, and on the strength of her story of spiritual lure, Mrs. Bertha Lahm is petitioning the courts for separate maintenance from

## PIMPY? WELL, DON'T BE

People Notice It—Drive Them Off  
With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cured with "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 30c—ADV.

on conservation and advance of that church.

This was decided upon at a meeting of missionaries in Tzechow, West China. Plans were announced by the Rev. James Maxon, new executive secretary of the committee in America by the Rev. Paul Hutchins, an editor of the Chinese Advocate. The delegates at the missionary meeting could see the mountains of Tibet. It is several weeks journey from Shanghai and there are no railroads in that region. The Tzechow territory lies in the heart of China's wealthiest province, Szechuen, with 60,000,000 inhabitants.

Because of the lack of transportation facilities and inaccessibility of some sections, missionaries have been unable previously to reach many of these localities. Mountainous sections and river wastes have hindered progress in many directions. The missionaries, planning work for the next 10 years, voted for four sets of wireless telephones with which to link up the widely separated stations, and four two-passenger airplanes with which to reach hitherto inaccessible sections.

## LONDON IS BIDDING FAREWELL TO FLAPPER

LONDON, Nov. 8.—The "flapper type" of young girl is rapidly disappearing in London. The first signs of waning popularity is the discarding of bobbed hair.

According to West End hairdressers shortened locks are no longer approved, and the coming winter season will see new styles in the art of hair dressing. The most popular substitute for bobbed hair is a short pompadour, and the use of a small ribbon or wreath. This is the favorite style of Princess Mary.

The revision in hair dressing has even gone to the extent that small amounts of false hair will be used this winter.

The new color for fall hats is "green almond," and veils will be worn extensively. The small hat with a veil fastened across the front, which was popular during the war, is to be worn

again. The hats will be smaller this fall, but huge shapes, rivaling the "Merry Widows" of years ago, will be the rage in the spring.

The new evening dresses in the Regent street windows are entirely minus a back, and a cord of white silk has taken the place of a wider shoulder strap. The materials in vogue are dark shades and purple, and heavy silks and satins will be almost the only materials used. Long trains will again grace the ballrooms, and three distinct trains are not too much for one gown.

Rich oriental brocades and bejeweled ornaments are to be seen on all of the gowns.

**MARRIAGE A LA MODE**  
In China a bride never has young girls for attendants. She is always waited upon by older matrons or spinsters.

Likewise, she never wears white, as that is the color of mourning. Yellow, the national color, is the favorite color for brides.

At the wedding ceremony and the feast afterward the bride speaks only when addressed by her husband or by his parents. She takes no initiative in conversation.

## LOWELL DEFEATS WORCESTER IN FAST OVERTIME GAME, 4 TO 3

Large and Enthusiastic Crowd Turns Out for Formal Local Opening of National Polo League—Lowell Team Looks Good—Kid Williams Comes Through in Extra Period With Deciding Goal

The new National Roller Polo league got away to a flying start here last night when a large and enthusiastic crowd assembled at the Crescent rink to welcome the return of their favorite sport and all were well rewarded for they saw Lowell triumph over Worcester in a thrilling overtime game, the score being 4 to 3.

This city was always a good polo town and during the four and one-half seasons that the American league held away here the fans loyally supported the various teams in adversity as well as in victory. Their generous applause made possible the success of the game played, but toward the end of last season they woke up one morning to find their team had been whisked away to another city. It was a severe blow to the lovers of the game and turned many against the sport and those connected with it.

This was a "leaguer" the new promoters faced, but the latter having always lived in Lowell and sufficed last night when one of the largest crowds seen at a local game since the old battles between Lowell and Lawrence several years ago joined in the jubilation.

And those who came saw a great game of polo and all went away well satisfied with the outlook and the making of the team. The offensive department with Kid Williams and Harbison on the rush line compares favorably with any in the league. As center Hardy has few supporters, like a strong defensive player and can shift to the offense when the occasion demands. Mitchell, while a youngster, appears to have the goods, and with such capable veterans as Harbison and Hardy should develop into a good halfback. Lovagreen at goal is a capable youngster, whose class work last night, brought considerable applause from the fans.

The entire Lowell team played exceptionally smooth polo, for so early in the season and their efforts brought vigorous applause from the fans. Kid Williams was the dash of past seasons at first rush. He dashed up and down the floor like lightning, and in all turned in a brilliant exhibition. Harbison was there in his specialty of "feeding" the kid like a parent. Hardy did some very effective blocking, and also turned in some classy passing and driving. Mitchell was busy all the way at halfback and broke up many of the opponents' plays. He also showed he possessed considerable courage by going into a clinch with the giant, Joe Lovagreen's work at goal was exceptional.

For the visitors Big Jean was the same tower of strength as of old, and he uncocked a good game of polo, but married his effective work somewhat by a little of the rough stuff. He and Hardy had a brief clinch but both escaped without any scars or battle. Steve Pierce also was in the line on the rush line, while Morris Conley at goal turned in his customary brilliant game. Archie Multhead figured in some good defensive playing. Earl Pierce worked hard on the rush line and he gave promise of improving as the season advances.

Williams scored three of Lowell's four goals, including the first and the last. Harbison counted the other one. Jean drove in a brace for Worcester with Steve Pierce landing the other bullseye. Two minutes after play opened Williams took a nice pass from Harbison and capped the pill. Eleven minutes later Steve Pierce knotted with count. Just before the period ended Harbison came through with a beautiful playing Lowell in front. The second period developed into a bitter struggle and for more than 14 minutes both teams battled away without a score. With but 45 seconds to go, Williams hammered one through. Ten seconds later Jean banged one in and the period ended 3 to 2 in favor of Lowell.

After the third session got underway Jean tied the score and a stubborn fight followed. Long, heavy driving was resorted to by the rival outfits and despite the vigorous work neither team was able to score during the remainder of the period, and the game was forced into overtime. With a brief rest over the teams went at it again, fighting fiercely for the deciding tally. Finally Kid Williams came to the front and drove one past Archie Conley and the great opening game passed into history.

The lineup and summary:

Here is an oddity in major football circles. Presenting the Meyer brothers, who are twins, and who hold down the end positions at Union College. The Meyer twins are husky chaps. Both are exceptionally fast and sure tacklers. ## TRICK PLAY BIG SCORER FOR YOST

Since Fielding Harnes Yost has coached at Andover, Michigan teams have scored more than 40 touchdowns from one play, a delayed double pass between the half-backs with the full-back plunged into the line to camouflage the trick.

It was this play that gave Michigan her first touchdown against Ohio State, Harry Kipke running 34 yards around the Ohio State right end.

The old point-a-minute football machines of Yost used it and Al Bernstein, one of the great backs of his day, scored seven touchdowns against Michigan in one game, running from this play for each touchdown.

The play has been worked, of course, with variations, but the basic principle has never been changed.

## MULLER HELD BACK BY COACH

By N.E.A. Service BERKELEY, Cal., Nov. 7.—Is a young man, one of the University of California, and an All-American selection a few years back, through as a football player?

The answer of Muller to so much this fall has given rise to such a rumor. Coach Andy Smith insists there isn't a word of truth in it.

A year ago Muller injured his knee badly. He still favors it, but according to the coach he will be fit when called upon.

Coach Smith says that he is saving Muller for the game with Stanford on Nov. 25, and the big post-season game with some eastern eleven, which he feels sure California will win the right to play.

Muller pulled a tendon about three weeks ago. This minor injury, plus the desire of Coach Smith to have him in the best of shape for the big games, accounts for the failure of the great end to break into the California lineup.

The next home game will come on Friday night when George (Lefty) Tyler's Salem team will line up against the Lowell Grays at the Crescent rink.

In the Salem lineup will appear the only Lowell man playing polo, Ben Hart, who is acting as captain of the club for his friend, Tyler. Asquith, who played with Lowell several years ago and who counts a great many friends here, will play halfback for the visitors.

Joe and Fred for Salem is a very scrappy eleven, who a couple of years ago played on the champion New Bedford club.

Edie Baughard, who also graduated from a Lowell team and who last season graduated a sensation as Kid Williams on the Salem and Fall River rough line, will team up with Ben Hart for Salem.

At center Ed Brown, a well experienced and vigorous player, will perform.

Duffess, who was allotted to Salem for the center position, refuses to report, as he is a very bad player, offering from Tyler. It is said the duke wants to get back with New Bedford and Duffess, but the owner of the Salem club is determined not to yield to his request.

Reports from Portland, where Lowell played in a Monday night, state the playing of Jack O'Brien at center and Jimmy Pineda at goal was brilliant. O'Brien was all over the line and he and the teaming Kid Williams and the scrappy Harbison considerable trouble during the entire game. The Portland team was handicapped by the failure of Joe Williams to show up, but despite this fact the club forced the speedy Lowell outfit to the limit to win.

At several of the cities along the coast are unable to get their balls for their regular nights, a few changes will be necessary from time to time. Two weeks hence Lowell may be obliged to play on Monday, instead of Tuesday, its regular playing night.

## GREAT INTEREST IN ADAIR-HARMON BOUT

With Barney Adair of New York and Willie Harmon of Brooklyn, two of the most prominent boxers of their weight in the east matched to perform in the main bout, Ten Derweers of New York and Harry Foley of Charlestown in the semi-final and two good preliminaries, the Moody club card for tomorrow night is the most ambitious attempted here this season.

Adair and Harmon are of the class of boxers usually seen in the big cities, as both demand a big purse before signing articles to box. Adair is managed by Leo P. Flynn of New York, who is interested in the promotion of bouts in the Madison Square garden. Harmon is under the direction of Eddie Mack, who has a stable of fine boxers in this vicinity.

Flynn brought Adair to Lowell a couple of years ago to fight Jimmy Duffy, and he also had him in Lawrence at one of Johnny Conley's open air shows. Adair has also boxed in Boston, Worcester, New York (many times) and only recently returned from the coast where he captured many of the big clubs in that part of the country.

Harmon has shown his wares in Boston, but most of his other fights have been around the Metropolis. He has a fine record and is noted as a terrible hitter.

The match is attracting considerable attention and plans have been made to handle a large crowd.

The Derweers-Foley bout is expected to be a slashing number. The pair fought a thrilling battle in Salem a short time ago and hence fans look for a repetition of the hectic combat.

Nick McDonough of Lexington, who appeared to advantage in one of the preliminaries last week, will return to the ring, meeting Billy Gardner of South Boston, Johnny Conlon of Charlestown and Jigger Barry of Somerville will hook up in the other six-round event.

A big amateur boxing tournament will be staged at the Boston Arena tonight.

This tournament will mark the annual ring hostilities between the stars of New York and Boston and with 16 of the best amateur boys in the country participating in the tournament, it is predicted that the event will run second to none in the national championships in interest.

New York lost three out of four classes last year and the invaders are expected to be the lightest, firm in their purpose of winning.

In addition to the 16 boxers, who will compete in the intercity bouts, there will be two open classes on the card. The stars of the 12 and 148-pound classes will perform and it is reported that a large entry list has been received.

All roads will lead to Spaulding park next Sunday afternoon when the football teams representing the O.M.I. Academies and the Holy Cross will meet on the gridiron to settle their longstanding argument.

The two teams are in the battle for the contest following decisive victories over out-of-town teams last Saturday. It will be recalled that the last game between the rivals played about two weeks ago resulted in a 6-6 tie and was witnessed by the largest gathering of football fans ever seen in Lowell.

The coming game should surpass anything in the line of spectators, the entire city seems to have imbibed the spirit of the event. Both contingents will continue practicing for the remainder of the week and will have a few surprises in the form of trick plays to furnish the football loving public. Following the example of the big colleges, it is probable that the game will start at 2 o'clock, and thus allow plenty of time for the periods to be played before darkness sets in. Competent officials will handle the game.

## ROCKNE LOOKS FOR BIG YEAR AT NOTRE DAME

The football team that represented Notre Dame last year was one of the greatest in the country. Many experts insist that Notre Dame had a shade on any other team.

The open game as played by Notre Dame, featuring a number of intricate formations and many puzzling shift plays, was the talk of the east, after Coach Rockne's team had played two games in that section.

At the close of the football season, the professional scandal that hit many a western school found Notre Dame among them. A half dozen players were lost through having accepted money for playing football. As many more stars were lost through graduation.

The loss of a dozen star players ordinarily is far too great a handicap to saddle on any coach. That is why many of the experts seemed to think Notre Dame's play would be away below standard this fall.

Coach Rockne, the resourceful head of Notre Dame's football, refused to see the situation in that light. He insisted on being optimistic despite the unfavorable condition that confronted him.

While Rockne refuses to openly say that his team of this year is as formidable as his 1921 eleven, still he insists that before the close of the year the experts will be singing the praises of some players practically unknown at the opening of the season.

What is more, Rockne says Notre Dame will have no ability to offer when the season is over. But that he takes it he expects to win all the games.

By HILLY EVANS

During the season of 1922 Ty Cobb of the Detroit club added several new records to his credit.

Of his several notable performances, none pleased Cobb better than his season's batting average of an even .400. It was the third time in his career of 15 years as an American leaguer that Cobb batted .400 or better.

In 1911 Cobb achieved the best mark of his career, .420. He came back in 1912 with .410. His ambition to hit .400 for three consecutive years was broken when he piled up the mark of only .390 in 1913.

Getting an even .400 in 1922, however, has enabled Cobb to tie the major league record. It was formerly held by Jesse Burkett, who batted .400 or better in 1895, 1896 and 1897.

Allows Disputed Hit Since the close of the present season

Recently while here looking over one of the big football games Moran found time to discuss baseball. He was very enthusiastic over the showing of his club in finishing in second place. Even better to hit than the more finishing second was the manner in which it was done, the guilelessness it required. The Reds and to win a double header on the last day from the Pirates to save them out, and that is just what they did.

Pat feels that with a bit of strength added here and there his club will be in shape to make the going very interesting for the Giants next year.

"Fonseca was a big help to me last season," said Moran, "and he is bound to be a much improved ball player next season. He is a natural hitter and will push Horasby hard for his honors. Fonseca doesn't hit them as far as Horasby, being content with singles."

A good infield means everything. My infield was a bit inexperienced last year, but should be much improved next season. Fonseca, Caveney and Plunko sure have made good."

It's a rule of all news bureaus that the official score sheets shall be followed in sending out the results. In this game Cobb hit a ball over second that Scott got in front of but was unable to get his man at first.

At first the official scorer ruled it a hit, but later changed his mind and credited Scott with an error.

An investigation shows that a dozen experts were in the New York press box that day and 11 of them gave Cobb a hit on the play, among them being Fred Lieb, president of the Baseball Writers' association.

The preponderance of evidence proved that Cobb deserved a hit and the disputed single was allowed. The official scorer said that he first ruled it a hit, and after thinking it over he gave Scott should have handled the play and scored it an error.

## DODGE BROTHERS MOTOR CAR

The evenness of performance so often remarked in Dodge Brothers Motor Cars is due, in no small part, to the thoroughness with which each unit is inspected during the process of manufacture and assembly.

A trained staff of 800 experts is employed in this work alone, and approximately 5285 individual inspections are made on each car.

So exacting and rigid are the standards applied to these inspections that the slightest variation either in workmanship or material is instantly discovered and rejected.

Dodge Brothers are almost over-scrupulous in their constant aim to make each car as sound and perfect as is humanly possible.

VICEROY OF INDIA OPENS  
LEGISLATURE

SIMLA, India, Nov. 8.—In opening the autumn session of the Indian legislature here this month, Lord Reading, viceroy of India, spoke gratifyingly of the pacification of the Mohammedan elements and the establishment of cordial relations with border powers. He also emphasized the need for financial retrenchment, and spoke optimistically of the future of the reforms.

Referring to the Mohammedan question of the Khilafat, Lord Reading said:

"In the domain of external affairs, the subject uppermost in our minds is the proposed revision of the treaty of Sevres. I can now add little to the statement I made at Peshawar in April last, save to assure you that every stage in the developments is followed by my government with a keen and watchful interest, and whatever action we can with propriety adopt to lay before the British government the reasonable aspirations of the Moslems of India regarding these developments we have taken, and shall not fail to take.

"It is gratifying to observe that the activities of my government have not been without effect upon the Moslem population of India, who have readily acknowledged and appreciated that my government has done its utmost to

Impress the Indian Mohammedan view upon His Majesty's government.

"At this moment negotiations are proceeding with the object of arriving at a solution of this difficult and delicate problem, and it is therefore undesirable for me to discuss the situation. I will only remind you that, as

already stated by His Majesty's government, the representations will be fully considered and due weight will be attached to them by His Majesty's government in so far as these are compatible with justice, their obligations to their allies and the adequate safeguarding of minorities. It is most

earnestly to be hoped that these efforts of His Majesty's government and its allies will shortly result in the complete restoration of peace to the Near East."

The viceroy's words aroused frequent expressions of approval from various parts of the assembled houses.

ORATORICAL CONTEST  
FOR LAW SCHOOLS

DALLAS, Tex., Nov. 8. (By the Associated Press.)—A national oratorical contest for American law schools will be undertaken by the citizenship bureau of the American Bar association, according to announcement by J. E. L. Sauer of Dallas, chairman of the committee on American citizenship of the American Bar association. The bureau was established in order to promote the contest, he declared.

"Activities of the bureau during the current collegiate year will be to conduct oratorical contests among American law schools to consider of the public discussion of prescribed subjects in the fields of American constitutional government and good citizenship," he said.

"These contests will be organized by Dr. J. D. Shurter, who has been granted one year's leave of absence from the university of Texas. Dr. Shurter, who is director general of the International League of America, will utilize the league in the interest of the citizenship bureau."

A series of local, state, district, bi-district and national contests will be held, open to all undergraduates of any reputable American law school which had a registration of 50 students during the preceding academic year, it is planned.

At least four contests must participate in a local contest to be held on Lincoln's birthday, Feb. 12. The winners in the local contests will go to a

state contest to be held on the evening of Washington's birthday, Feb. 22. The winners in the state contest will then engage in one of eight district contests to be held on the evening of Flag day, April 14. Bi-district contests will be held on Patriots day, April 19, and the final national contest will occur at Washington, on the evening of Memorial day, May 30. These are the tentative plans outlined by Mr. Sauer and Dr. Shurter.

Traveling expenses of the contestants will be provided at the state, bi-district, and national contests, and gold watches with a specially designed dial representing the American Bar association, will be awarded to first and second honor men at the district contests. The first and second place winners in the national contests will be awarded cash prizes of \$1000 and \$500, respectively, Dr. Shurter declared.

STREET RAILWAY  
WAITING ROOM

At a meeting of the trustees of the Eastern Massachusetts Railway in Boston yesterday, the Lowell waiting room problem was taken up and discussed for some time. It was not fully decided what action to take regarding the store of James Gallagher tendered to the railway company as serviceable for the purpose desired, and it was voted that action be deferred until Thursday evening, when the Lowell city council may have some more information to offer the trustees, who are reported to look favorably upon the Gallagher store site.

## A NOTABLE REVIVAL

One of the healthiest financial reports of an industrial revival that affects the manufacturing field in Lowell and vicinity, is that just received from the main offices of the American Hide and Leather company, which has an important plant in this city.

From the executive quarters of this great corporation comes the news that the last nine months has been a period of real prosperity for this industry, with balances on the right side of the ledger.

The company announces that for the nine months ending September 30, there has been a profit of \$232,781, in contrast with a deficit of \$757,858 in the corresponding period of last year.

This is the first time that the company has shown a profit for a nine months period since 1919, which seems to have been the "hardest" year for nearly all great industrial corporations that had to weather numerous business and financial storms as best they could without "going under." And most of them with good management and plenty of good reserve energy and, of course, ample emergency funds, did weather the "storms of poor business," in highly successful shape.

In the American Hide and Leather report just issued, the 1922 figures do not include \$185,000 received as extraordinary income for fire loss, which made the surplus for that period, \$232,781. The net earnings after repairs, reserves for taxes, etc., amounted to \$132,270, compared with a deficit of \$529,773 in the previous year. Depreciation etc., totaled \$262,186, against \$228,685 a year ago.

The news of increasing prosperity for this company that made such headway in bygone years will be of interest to many Lowell people who have been employed in the local plant. More than one "leather worker" interested in the successful operation of this Lowell industrial plant, watch these financial reports regularly, and rejoice at the company's prosperity after such a long period of depression.

## LOST THEIR VOTES

There must be a complete change in the polling habits of the city as a result of yesterday's experience. In some of the polling places there is not more than half enough boxes or booths for the accommodation of voters. Take, for example, Precinct 3 of Ward 5. It is supposed to accommodate about 1100 voters, but it has only six booths in which voters can mark their ballots. There should be at least twice as many. We understand the law, or else established custom, provides that one individual polling place is necessary for every seventy-five voters. On that scale, Precinct 3 of Ward 5 should have fourteen. It is quite probable that many voters who after waiting nearly half an hour had to go to work, failed to return to the polling place in time to vote. That means that a very considerable number of people was prevented from voting by lack of accommodation. They thereby lost the opportunity to vote.

The individual polling places are inexpensive and there should be a row of them around the interior walls of every polling place in the city. In the Ward 5 precinct referred to there is room for eighteen or more, but only a third of that number was available. The same condition prevailed at the engine house, one of the Ward 9 voting places. Undoubtedly other precincts were equally inadequate. This a matter that must be remedied before any other election of any kind can be held. The people cannot be deprived of the right to vote for lack of accommodation.

## STUDENTS WHO WIN

The "idle class" in colleges is not so large after all. Undoubtedly some collegians would do better elsewhere and make room for others of a more studious bent, but there is another class that the same colleges would not want to lose. These are the students who "work their way." In any large institution they are not an inconsiderable minority.

We are happy to know—and we have been informed of several cases that touch Lowell and vicinity, that college attendants from Middlesex county find their way through numerous colleges.

When students perform the difficult task of paying all, or a large part of their expenses while in college, we cannot believe that education is becoming "an idle and profitless pastime," as some would have us believe. The students who really work their way, whether students with ample funds or not, constitute one of the most important elements attending the educational institutions of this country today. The boy who works his way must have ambition; he must have a good constitution, and when such a one gets through college, he usually makes his mark in the world. He has the virility of character that is necessary in every worth-while achievement.

## BUSINESS OUTLOOK

Here is something that reflects earning prosperity: The railroads loaded more than a million cars of freight in the week ended Oct. 21, latest reported. To test that you have to go back two years, and even then traffic wasn't much heavier.

Don't worry about a stock market slump, as long as the railroads have more business than they can handle. When freight moves heavily, people are buying and business is better on a prosperity.

A check-up shows that 1600 business firms failed during October. Liabilities or debts exceeded assets by a trifle less than \$18,000,000, or about 17 cents for each American. That's not worth

The truth of God working through the personality of man has been the salvation of the world. Increase the personality and you increase the power.—Phillips Brooks.

## No Such Word

She wrote him a note which read: "Dear John—Meet me at the tryptophan place at 5.30 this evening, without fail." And John answered: "In that lexicon of youth which fate has reserved for a bright manhood there is no such word as 'fail'."

## His Manly Spirit

A sturdy Scotsman had been having a dispute with his wife. He had taken refuge under the bed. As she stood on guard with a stick in her hand, he called justly from his retreat: "Ye can't tell me and ye can't hate me, but ye canna break me manly spirit. I'll be come out."

## A Patient Waiter

A man who had been arrested on suspicion was appearing before the magistrate. "What were you doing when the policeman came?" asked the magistrate. "Waiting, sir," replied the prisoner. "What were you waiting for?" "For money," "Who was to give you the money?" "The man I had been waiting for." "What did he owe it to you for?" "For waiting." "Enough of this foolery!" snapped the magistrate, who by now was very angry. "What do you do for a living?" "I'm a waiter, sir," replied the innocent man.

## Unknown to the Bull

A story is told of a certain Englishman who thought everybody knew or ought to know him. One day he was walking through a field when a bull addressed him in an undertone and made for him with his head down. He was a man of dignity and political power. But he ran. He ran surprisingly well and reached the fence before the bull. He clambered over, out of breath and dignified. He found the owner of the bull contemplating the operation. "What do you mean, sir," asked the irate politician, "by having an infuriated animal like that roaming about the field?" "Well, I suppose the bull has some right in the field," said the farmer. "Right? He you know who I am, sir?" gasped the politician. The farmer shook his head. "I am the Right Honorable Sir." "Then why on earth didn't you tell the bull?" said the farmer.

## City and Country

The country folks know everything. That happens 50 miles around. They have no daily paper, but they keep their ears close to the ground. They know the intimate details. Of every neighbor's inmost life; And do they keep them to themselves? Indeed they don't. Not on your life! They have no daily paper, but learn. And gossip they delight to swap. Each bit of news they set about. Will go and go, and never stop. For scandal rumors, little lies. The country people seem to yearn. Each one delights a tale to tell. And hear a story in return.

Now in the city you are not. A subject for your neighbor's chat. The chances are you do not know. Who occupies the next-door flat. The country is a lovely place. I like to go there for a rest. But city folks don't watch you, and I think I like the city best.

## THE MAN ABOUT TOWN

Last year the college extension courses in this city were a great success, but this year, I understand neither the number of classes nor the attendance is up to the standard of last year. This is rather unfortunate for the reason that these classes offer great opportunities for self-improvement by the young people, or old people for that matter, who have to work during the day. The hours for attending the lectures are usually from seven to nine, and should be convenient for almost everybody. The classes in accountancy, mathematics and public speaking are among the most important. The last named class should appeal to a great many young men for the reason that there is scarcely anything that will enable a young man to advance more quickly than the ability to express himself accurately and with some degree of force in plain English. The art of articulation seems to be greatly neglected in the ordinary course of education. There is not one singer out of every 25 heard in local theatres, or at the general concert stage, who pronounces the words sung in a manner that can be understood by the audience. The same is true of many public speakers. Occasionally you hear a man speak with a fine, strong voice which he belches forth in a volume, and completely confuses his audience. Such speakers simply indulge in a series of barks, at least that is all the audience can make out of their declamations. It is not unusual to hear poor speakers get up in large churches and go through the motions of delivery, a sermon, without the utterances are not intelligible more than a few yards from the pulpit. The rest of the congregation see a man in the pulpit, they know that he is speaking, they hear the sound of his voice, but as for understanding what he says, as well as he tells, in Greek or Chinese. Some may think this is overrating the facts, but anybody who thinks so can easily find out by sitting near the back of a big church when one of these gentlemen undertakes to deliver a sermon. Sometimes the preacher's voice, but the skilled speaker overcomes this by slow delivery and clear articulation.

It has been noticed of late years that the art of public speaking is being sadly neglected and there is reason to believe that it is also being neglected in the institutions of learning. It should receive more attention in the high school as clear enunciation can be acquired only by very careful training. Articulation is an art in itself and one of which a great many men who appear in the public platform are woefully deficient. It should, therefore, be a source of pleasure to young men to have the opportunity of improving their articulation and making progress in the art of public speaking. They can do this by attending the class arranged for that purpose and meeting weekly at the high school.

There are a great many deeds of kindness which happen during the day, but which a great many people never hear about for the simple reason that they are done without ostentation or display. I was visiting at the office of Superintendent Atkinson of the police department yesterday at a time when he was being entertained by a very interesting individual from Boston. It happened that this visitor dropped in at the station to account his experiences since leaving the 11th where he had lived for a period of 25 years. He was on his way to Manchester, N. H., yesterday morning and hadn't a cent in his pockets. Now this man, mind you, was 82 years old with scarce a relative in the world. He had buried his wife and seven children in Boston and had no means of support, and when the big chief realized that the man was undertaking a very dangerous task in attempting to walk to Manchester, he took compassion on him, bought a railroad ticket and even called a policeman and seven children in Boston and had no means of support, and when the big chief realized that the man was undertaking a very dangerous task in attempting to walk to Manchester, he took compassion on him, bought a railroad ticket and even called a policeman and seven children in Boston and had no means of support, and 1 quart or 3 dozen oysters.  
1 1/2 cups bread crumbs (from the center of a stale loaf).  
1 1/2 cups cracker crumbs.  
1/4 cup melted butter.  
1/4 cup cream.  
1/4 cup oyster liquor.  
Salt and pepper.  
Slight grating nutmeg.  
Pick over and drain from liquor the oysters. Add butter to bread and cracker crumbs. In the bottom of a buttered dish place a layer of crumbs, over this a thick layer of oysters, adding half the cream and oyster liquor. Sprinkle with salt and pepper. Repeat and on top of the second layer of oysters have a layer of crumbs. Bake in a moderate oven 30 minutes. Always have only two layers of oysters, as any more would have the middle layer underdone while the top and bottom layers would be overcooked.

## Gained 8 Pounds In Two Weeks On Tanlac

"Tanlac has given me the surprise of my life," declared Tom P. Barron, a highly respected citizen of Richmond, Va., recently.

"I was just dragging around, feeling more dead than alive, and finding it extremely hard to keep at my work, when a friend of mine told me to try Tanlac. Well, sir, I commenced to feel better at once; in two weeks time I had gained eight pounds, and now I can do all kinds of work without giving out."

"About a year ago, my health began to fail and I lost strength so fast that I soon found myself in a badly run-down, weakened condition. My stomach was terribly upset, I was eating barely enough to keep alive, and was suffering all the time from intestinal troubles. I was so nervous I would wake up every little while all night long, and get up mornings more worn-out than ever."

"Tanlac and the Tanlac Vegetable Pills have rid me of my troubles completely, and now I have a wonderful appetite and am picking up strength and energy right along. My nerves are steady, I sleep fine, and get up every morning perfectly rested. I will always have a warm spot in my heart for Tanlac."

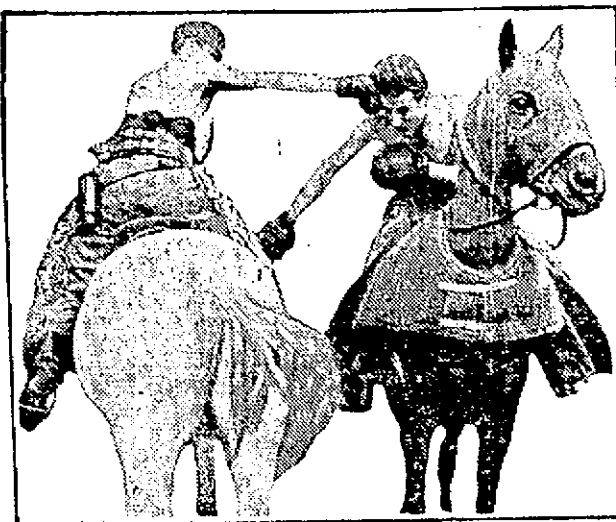

Tanlac is sold by all good druggists. Adv.

## CLASS ORGANIZED AT THE HIGH SCHOOL

Oral English was the subject of a class organized at the Lowell high school last evening by the state division of university extension, of the department of education. Edward A. Sullivan, of Cambridge, state instructor in spoken English, gave an opening talk on the subject matter of the course before a large group of Lowell

men and women. It was not his purpose, he said, to teach formal elocution, but to train students to speak effectively before others. At the conclusion of his talk, several members of the class began their instruction by addressing briefly their fellow classmates. The class was enrolled by Frederick Holmes, university agent, who mentioned other courses to be given here within the next two weeks and emphasized the importance to citizens of

the course in present-day economic problems which is scheduled to open at the Lowell high school next Monday evening. That subject is being given here, he stated, in response to a strong demand from men and women in business and industry, who wish a better understanding of modern events in terms of economics.

The second meeting of the course in business law organized here last week under the instructorship of Patrick Reynolds, local attorney, has been postponed until Thursday evening, Nov. 16, according to an announcement made at last night's meeting. New enrollments will be taken at that time, and the courses in economics and oral English will also be open to new students during the next two weeks.

## JUDGE COX ADDRESSES LOWELL ROTARY CLUB

A brilliant plea for the safeguarding of the bulwarks of the American judiciary and the stamping out of all lawless agitation was made by Judge Louis Cox of the Massachusetts superior court before 100 members and guests of the Rotary club, yesterday.

The clubmen were told in detail of the events recently investigated by government authorities who have found evidence in many sections of the country. Even in the city of Fitchburg, Judge Cox told the Rotarians, there is today in existence a subversive organization with many members, plotting and planning to overthrow the United States government as well as the constitution. He declared that the Fitchburg society has 10 "new commandments" the first commandment reading: "I will hate America."

The speaker also declared that Americans need to awaken to the import of these things, with a wave of unrest spreading to all quarters of the land and sedition and anarchy rampant while many Americans are asleep. What is actually going on in many circles for the undermining of all governmental authority.

Before Judge Cox's address, President Parker announced further plans for the charity ball, to be held at the Auditorium Friday night, Nov. 17, and the Rotarians sang their new one, "Little Nelly Kelly," which went big this noon. Major Jeyes thanked the members for sending him a "basket of flowers, fruit and candy" the other day, when he was tied up in bed by the doctor's order for rest.

After a letter from a sick member, Paul B. Chandler, was read, Paul B. Chandler, a member of the Fitchburg society, was introduced by Arthur Kelley of Philadelphia, Herbert Gould of Boston, James E. Murkland and others on hand in addition to the regulars—there was a best for the charity bazaar which is to be a "very special" feature of the coming ball.

Commonwealth of Massachusetts, Middlesex, ss. Superior Court.

NORMAN GUILLINE ET AL.

VS.

THOMAS J. BENTLEY ET AL.

This is a Bill in Equity wherein Norman Guiline, Ralph Greene, Charles W. Holmes, Napoleon J. Lavoire, Benjamin Ward, Fred J. Carr, Fernald Gould, Frank E. Murray and James D. Carr, all of Lowell in the County of Middlesex, are plaintiffs, and Thomas J. Bentley and Emily Bentley, both of Fitchburg, and said Court, and Wallace W. Cole and William E. Lancaster, both of Salem in the State of New Hampshire, are defendants.

The bill shows that the defendants Cole and Lancaster about the year 1912 were owners in fee of a certain farm in the northern part of said Fitchburg, consisting of one tract of land with the buildings thereon, containing about 50 acres, more or less, and one tract with the buildings thereon, containing 10 acres and 28 rods (reserving about one-fourth of an acre to the town of Tyngsborough).

That in 1912 said Cole and Lancaster had prepared a plan of land dividing the same into lots and ways.

That said Cole and Lancaster sold certain of said lots to the plaintiffs, who are now several owners of said lots in fee.

That there is no highway bordering on said lots or shown on said plan and no means of approach and egress therefrom.

That said Cole and Lancaster conveyed by deed dated August 18, 1916, a certain right of way, to Edward J. Mosher.

That said Mosher by deed dated October 1, 1921, conveyed the premises to Thomas J. Bentley and Emily A. Bentley.

That from the time of purchase of said lots by the plaintiffs, up to the fall of 1921, the plaintiffs had been accustomed for the purposes of approach to and departure from said lots purchased by them, to pass over said farm from a point near the westerly end of Maple Street to the said Lowell and Nashua Roads.

That in 1919 the said Cole and Lancaster made an agreement with the plaintiffs to locate, improve, construct and grade a way connecting Maple Street with the Lowell and Nashua Roads and drove stakes to determine the course thereof.

That the plaintiffs agreed to such location but nothing was done in the improvement of the same, and the plaintiffs continued to use the right of way, which followed some of the lines of the way agreed upon, but could not be followed through the dispute.

That the defendants Thomas J. Bentley and Emily A. Bentley some time during the fall of 1921, did build walls and fence across the way, so used, and the way agreed upon by said defendants Lancaster and Cole, causing the same to be impassable.

That the plaintiffs have not been able to use the same and since the placing thereon of said obstacles are deprived of any means of entrance or departure to or from their lots.

That during the month of August, 1922, the defendants Cole and Lancaster improved Oak Street, as laid out on said plan, disregarding the agreement made as aforesaid with the plaintiffs, and refused and still refuses to improve said right of way from Maple Street to said Lowell and Nashua Roads as agreed upon.

Wherefore the plaintiffs pray:

1. That the defendants Thomas J. Bentley and Emily Bentley be restrained from placing any obstacles on right of way as described in paragraph 5 of said bill.

2. That the defendants Wallace W. Cole and William E. Lancaster be restrained from interfering with the use, by the plaintiffs, of the right of way as described in paragraph 5 of plaintiffs' bill, or conveying their rights in same to any person.

3. That the defendants Wallace W. Cole and William E. Lancaster be ordered to grade and construct the right of way as described in paragraph 5 of said bill.

4. And for any other relief that may seem to the Honorable Court full and proper.

And it appearing upon inspection of said Bill of Complaint that the defendants Wallace W. Cole and William E. Lancaster are at present without the Commonwealth, it is ordered that the plaintiffs notify the said defendants Cole and Lancaster by the Lowell Sun, a newspaper published in Lowell, in said County of Middlesex, three times in different weeks, within thirty days after the date of this order, the last publication to be fourteen days at least before the first Monday of December next.

1922, October 11.

FREDERIC L. PUTNAM, Asst. Clerk.

and then Judge Cox was introduced by Gardner Pearson.

The Judge was once a captain in the militia over in Lawrence, and handled a mill strike or two without any trouble. He began his address today with good stories, although he is not a Rotarian. His acquaintance with Joe Bush, the old-time vaudeville comedian who used to get \$800 a week in Lowell and then couldn't pay his carfare out of town, was reviewed, the judge explaining how Bush "stole" his jokes, but getting only two a year and concluding himself lucky because real jokes are just as scarce as that.

The judge, who is a brother of Gov. Channing Cox, spoke a good word for Channing and two other brothers who make up the "Cox quartet." The speaker said he had no special word to say about politics, but believed that the record of Governor Cox deserved support, "because I know my brother better than you do, perhaps."

Followed good stories of Lucius Tuttle, the B. & M. magnate of olden times; the trip of George Gould, railroad and millionaire, to the far west and his rebuke by a man named Murphy; and then another good story with Murphy in it again, and finally a shift into the real feature of the afternoon's address—a staunch defense of the Massachusetts courts.

Justice Cox said Bay State courts are "standing all tests, and other states follow ours." Our judges are appointed to hold office so long as their conduct is good. Other states elect judges to office, and some campaigns are not edifying. The speaker said the campaign against Justice Cohan in New York city was an example of politics in the judicial world. He praised Cohan highly and said he hoped Tammany Hall's campaign to oust the judge would be unsuccessful.

"Massachusetts is the only state in the Union that keeps her judges in office during good behavior," said Judge Cox. He strongly opposed the system of electing judges by ballot. He related the story of the recent denunciation of judges in Cleveland, O., where men were elected to office by the people and then failed in their trust. He told of the great fight to save the judges who had forgotten their robes of office and dragged their supporters in the mire, and then went to prison in the end.

He declared that there was a strong movement unknown to many citizens of the land, now actually under way to undermine the national government and smash constitutional laws. He warned his hearers to be on their guard, that "all things today are not what they seem."

He said the people of the land are not deprived of their rights by the 18th amendment, but on the other hand are actually ruling themselves by their own acts. He told of numerous meetings of non-government groups meeting in secret in various parts of the country regularly, trying to pull down all laws. He then described the Fitchburg society that has rabid laws of conduct and doctrines, some of which he revealed.

"Let us protect the priceless heritage of this government," he said, "and let us protect the priceless heritage of this government."

Judge Cox, closing: "There are men plotting and planning every day to undermine our very constitution. We must awaken and be on our guard! We must not hand down to our children a terrible burden from which they can never recover."

"The fundamental principle of our constitutional government are something more than the things that we have to do with every day. We must not forget. The stability of our government will come only from the safeguarding of our courts."

The judge's speech aroused the Rotarians to such a pitch of genuine patriotism that President Parker ordered the members to rise and sing "The Star Spangled Banner." It went like this:

"The Star Spangled Banner," It went like this:

"The Star Spangled Banner," It went like this:

## TO LEAVE WREATH ON GRAVE OF UNKNOWN AT \$15,000 STOLEN

WASHINGTON, Nov. 7.—President Harding, Secretary of War Weeks and Secretary of the Navy Denby, with military escort, will go to the grave of the Unknown Soldier on Armistice day and leave a wreath there after a brief ceremony which is expected to establish a precedent to be followed throughout the years.

No national holiday will be proclaimed by the president, who is said to feel that the simple exercises at the grave are preferable for expressing official government recognition of the day.

## MISSIONARIES SEIZED BY BANDITS

PEKING, Nov. 7 (By the Associated Press).—Eight foreigners, five of them missionaries, now are in the hands of bandits in the province of Honan.

The latest abduction includes Madame Federatova and her daughter, who were captured at Shing Tsai Sien, according to a correspondent writing at Kailang, under date of Nov. 3. They are members of the China Inland mission, from the Amoy mission synd. Missionaries Foster and Landolt were seized on Oct. 15.

There are frequent communications from the captive families. The prisoners write that they are well treated, even given the opportunity to preach their gospel to their captors.

## WOMEN IN POLITICS MAKES HIM SICK

NEW YORK, Nov. 7.—"Women in politics make me sick," ruminated Eugene Komanski, dry goods merchant, as he surveyed the line of feminine voters in front of a polling place on upper Broadway.

The next thing Komanski knew he was in a West Side court, his trousers and scratches, his clothes torn and collar missing, answering a charge of disorderly conduct, preferred by one of the women.

"The worst of it is," said Komanski after he had told his story and been dismissed by the court as sufficiently punished already. "They called me a 'Tammany cheese' when I'm a straight republican."

## AUTO ACCIDENT VICTIM DIES IN HOSPITAL

ELMER HURLEY, aged four years, daughter of Mr. and Mrs. John Hurley of Wilton, N. H., who received serious injuries in an automobile accident on the state highway in Tyngsboro last Saturday night, died Monday at St. Joseph's hospital, Nashua, N. H., where she had been removed shortly after the accident. The girl's injuries consisted of a fractured skull and abrasions.

## JOHN D. POSES FOR PICTURE

NEW YORK, Nov. 7.—A news photographer today prevailed upon John D. Rockefeller, Jr., to submit to a picture while he deposited his vote in the ballot box.

But when the photographer asked for another pose, Mr. Rockefeller demurred.

"They might think I'm a repeater," he objected. He finally submitted to a second exposure, after exclaiming a promise that the first plate would be destroyed.

## HOW TWO WOMEN ESCAPED OPERATIONS

St. Joseph, Missouri.—"Both of my sides swelled and hurt me so that I could not move or do any of my work. There was heavy pressure and pains through my lower organs and the doctor told me to try Lydia E. Pinkham's Vegetable Compound for these troubles. He said I had this one chance, and if the Vegetable Compound did not help me nothing but an operation would. After taking several bottles I felt it was helping me and now I am able to do my own work. If my testimonial will help others I shall be glad for them to read it and hope your Vegetable Compound will do them as much good as it did me."

—Mrs. Wm. Lockman, 513 N. 4th St., St. Joseph, Mo.

White Plains, N. Y.—"I had such a pain that I could hardly walk and the doctor said that I needed an operation. I was sick for a year before I started taking your medicine and I could not work. I saw your advertisement in a little book and that is how I came to take Lydia E. Pinkham's medicines. I have been taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine, also Lydia E. Pinkham's Liver Pills and used Lydia E. Pinkham's Sanative Wash and the capsules and prescription recommended. I am doing all my work and have gained twenty pounds. I am taking the medicines still, but I feel fine. You have my permission to use this letter for the good of others."

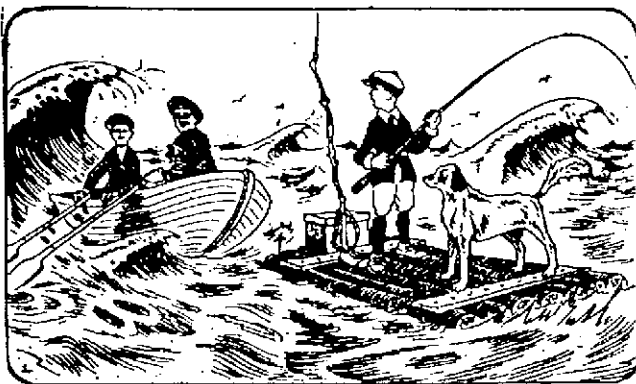

—Mrs. MARY MARK, 37 Hamilton Ave., White Plains, N. Y.

Some female troubles may through neglect reach a stage when an operation is necessary. But most of the commoner ailments are not the surgical ones; they are not caused by serious displacements, tumors, or growths, although the symptoms may appear the same.

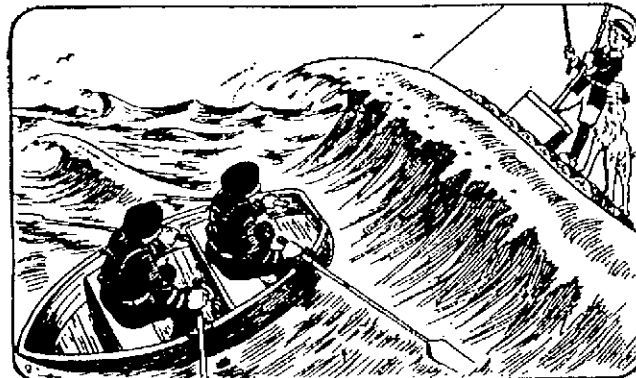

When distressing ailments first appear, take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. Many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

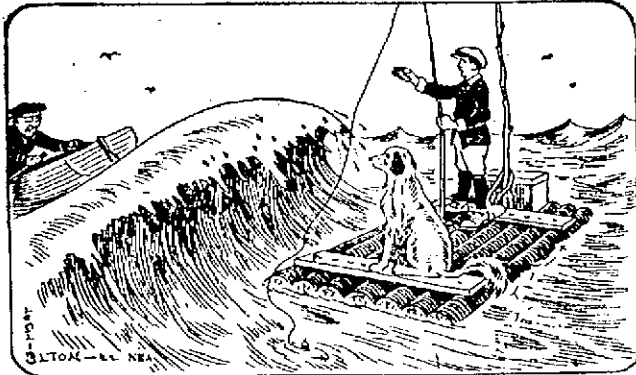

## Jack Daw at Sea! Chapter 4

As the small boat drew up alongside of Jack's raft, the little adventurer was doing some fast thinking. Shall I go aboard the big boat, or shall I stay on my raft? Jack was asking himself. Then his raft jerked a bit as the small boat anchored to it. The men smiled at Jack.

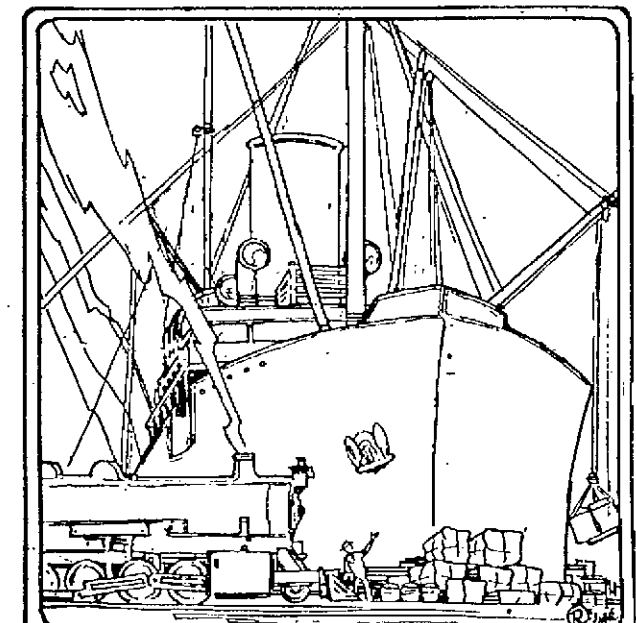

"Hello there, young fellow," said one of the men. "What are you doing out here at sea alone?" "Why, I'm bound for a strange land," replied Jack. "You'd better come along with us," said the man. "We'll take you to shore." "No thank you," Jack replied. "I'm satisfied here."

After much arguing the men started away, as the waves were tossing them dangerously about. "You'll be sorry you didn't come aboard the big ship," they shouted to Jack. "Thanks, just the same," he answered, "but I am going to just let the waves take me where they want to." (Continued.)

## Adventures of the Twins

THE FAIRIES' ADVICE

The Fairy Queen was about to send Nancy and Nick on another adventure, a very important one. They were going to hunt for Mother Goose's lost broom.

Everybody was giving advice.

"If I were you," said fat Mr. Ting-a-lux, the fairy landlord, "I'd look in all the cellars. That's where folks hide things, I've heard tell."

"No," interrupted Mr. Rubadub, "look in the corners. That's where folks keep their brooms."

"Nothing of the sort," declared Mr. Scribble Scratch, the schoolmaster, "I'll bet you somebody has made a paddling stick out of it. Look in the school-room."

"You're all wrong," said Capt. Pennywhistle, who lived in the ocean. "It would make a good oar-handle. Look in the boats, my dears, look in the boats."

"Ridiculous!" shouted Mr. Pim Pim, the Brownie, in contempt. "It's as plain as the nose on the person's face that my enemies, the gnomes, have stolen it. Croakabone would stop at nothing."

"Goodness gracious alive, what's all this?" remarked a new voice, and who should come holding in but old Mother Goose herself, leaning heavily on a cane.

"What was it the gnomes stole?" she demanded. "What? My broom! Ha, ha! That's a good joke. No, the gnomes don't like brooms. They hate them."

"No, the person who stole my broom, most likely, is one of my own people up in the sky, but I don't know which one it is. Humpty Dumpty or Jack Horner or Simple Simon or somebody else. That's what we have to find out."

BY 56,000

Entire State Republican Ticket Elected—Pelletier Defeated by O'Brien

Democrats Gain One Congressional Seat in State—Connelly Defeating Butler

Miss Donaldson and Mrs. Fitzgerald Elected by House of Representatives

Act Providing for State Censorship of Motion Pictures Defeated—Other Referenda

BOSTON, Nov. 8.—Senator Henry Cabot Lodge was re-elected over William A. Gaston, democrat, yesterday, by a plurality of 1945.

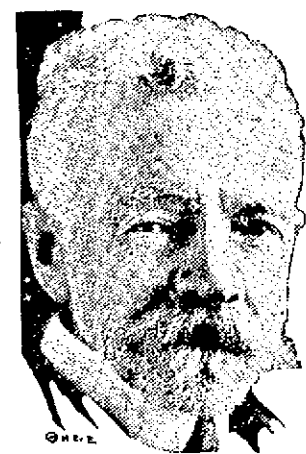

The vote of the state complete was:  
Gaston, 414,730; Lodge, 416,675. Governor Channing H. Cox, republican, won re-election over John F. Fitzgerald by a margin of 56,045, the vote of the state complete being Cox, 468,277; Fitzgerald, 412,232.

A recount of the vote for senator undoubtedly will be asked by Col. Gaston, some of his associates said. The colonel himself had not weakened until some time after the complete returns were in.

Lodge Won Before by 32,030  
When Senator Lodge was last elected, in 1916, in the days before woman had the vote, he won by a margin of 32,030 votes over John F. Fitzgerald. Who yesterday was defeated as the democratic candidate for governor. His first election was in 1902.

The total vote for senator in 1916 was 501,415. In 1920, when the republican landslide swept Governor Cox into office by a plurality of 353,519 in a total vote of 534,210, there was no election for senator in this state. The total vote for senator yesterday was 831,405.

Gaston Carried Boston by 47,500  
In order to obtain his narrow margin of victory Senator Lodge was forced to overcome an adverse plurality of 47,509 in the city of Boston where Gaston received 102,033.

GREAT DEMOCRATIC VICTORIES  
THROUGHOUT THE COUNTRY

Tremendous Republican Majorities Piled Up in Harding Landslide Knocked Right and Left in Yesterday's Elections—Democrats Sweep New York, New Jersey and Other States—Important G. O. P. Leaders Beaten

NEW YORK, Nov. 8 (by the Associated Press).—Swept before a rising tide of democratic victories in many states, the tremendous republican majorities piled up in the Harding landslide of two years ago were knocked right and left in yesterday's elections. The republican majorities in the United States senate and in the house of representatives were sharply reduced, but republican managers declared they would not be wiped out. Until belated returns from the west and middle west began trickling in today, the democrats actually were leading in the ball of votes for the house. The 11th Michigan district for the republicans tied the two parties, each at 178 each in the race toward the necessary 218 majority and it became plain that the deciding votes were yet to come from the west and middle west.

In Indiana, Maryland, New Jersey, New York, Michigan and West Virginia, democratic senators replacing republicans had either been conceded or were indicated on the face of the returns. The republicans had an assured senatorial victory to their credit, however, in Nebraska, where R. B. Howell displaced Senator Gilbert M. Hitchcock, a democratic leader, and prospects of another in Ohio, although today's return showed Senator Pomerooy, democrat, cutting down the lead of his republican opponent, Representative Foss.

Not a single republican gain in the house of representatives had appeared today to count against the inroads the democrats made in every state. Various

causes ranging from prohibition to tariff were being brought forward as responsible for the results.

The republican forces failed to break into the democratic ranks in the south and lost one congressional district which they have held there for years, the ninth Virginia. Speaker Gillett

VERDICT FOR PLAINTIFF  
IN SLANDER SUIT

Mrs. Rose C. Neves of Chelmsford, who brought suit for slander against John A. Neves, also of Chelmsford, was this morning awarded a verdict of \$1400 at the civil session of the superior court.

The case went to trial before Justice Cox and a jury yesterday morning. The plaintiff claimed that the defendant made false and malicious statements against her and that as a result she has been deprived of the love of her husband. The case was brought to a close yesterday afternoon and a sealed verdict was returned this morning.

The next case to go to trial was an action of tort brought by Mrs. Myra M. Kimball against the Chelmsford Motor Co. in the sum of \$3000. In this case the plaintiff is seeking to recover damages for the loss of her automobile by fire which, she claims, was caused by a short circuit in the batteries of the machine, through the negligence of the defendant company or its agents.

Jury Waived Session  
The case of Honewell vs. Postal Telegraph Cable Co. of Massachusetts, an action of tort, which went to trial at the jury waived session of the superior court on Monday, was brought to a close this forenoon, the judge reserving his decision.

Divorce cases were then taken up, and the first one reached was that of Ericson vs. Ericson, a contested case, which is scheduled to occupy most of the day.

DEMOCRATS WIN  
NEW HAMPSHIRE

Elect Governor and Congressman and Win Control of Lower House

Second Time Since 1875

That Democrat Has Been Elected Governor

MANCHESTER, N. H., Nov. 8.—New Hampshire, which returned a republican majority of 31,000 votes for governor in 1920, went democratic by 10,000 yesterday. With 18 small towns missing, the vote for governor was: Fred H. Brown, (D) 67,201; Windsor H. Goodnow (R) 57,574. This is the second time since 1875 that a democratic governor has been elected in this state.

The democrats also captured one of the state's two congressional seats, electing William N. Rogers, in the first district by a vote, with

## MAYORALTY CANDIDATES

Four Candidates Have Already Thrown Their Hats Into the Ring

Plan B went on the ballot, it was accepted yesterday by a majority vote of 1630 and mayoralty candidates already have announced themselves for the office.

Former Mayor Perry D. Thompson, Mayor George H. Brown, Jeremiah J. O'Sullivan and John J. Donovan are four positive candidates who came out with statements this forenoon announcing their candidacies and there will be others.

In fact, several others already have been mentioned, including Maurice Lambert, at present a member of the school committee; Patrick J. Bagley, president of the city council; James B. Donnelly, a candidate a year ago and a former commissioner; Joseph E. Lamoureux, physician, and a member of the high school building commission.

Mayor Brown announced several weeks ago he would seek election if Plan B were carried and today he reiterated his intention. "I will be a candidate," he said. "I was elected for two years and have served only one. I believe I am entitled to another term."

Former Mayor Thompson was very brief and to the point when he declared, "I shall run."

John J. Donovan already has announced his first outdoor rally. Jeremiah J. O'Sullivan intimated his campaign was shaping up well and would be launched within a very few days.

There will be a primary election on the 25th of this month, at which time will be nominated two mayoralty candidates, 30 council candidates and 12 school committee candidates. Election will fall on the second Tuesday in December.

The charter now accepted becomes operative Monday in January, 1923, which will be the first day of the new year. Under the state act that created the charter it must remain in force for at least four years.

## SALVATION ARMY DRIVE

Campaign on to Provide Thanksgiving Dinners for the Poor of Lowell

Never mind the clouds. The mists and rain are on the run. The advance guard of the Salvation Army has reached Lowell this morning. And sunshine is on the way!

The annual drive of the local Salvation Army for funds to provide Thanksgiving dinners for the poor children of Lowell and vicinity, started this morning.

Although it had been planned to have three of the familiar army kettles placed at the downtown corners in the neighborhood of Merrimack square, because of the severe rainstorm, this part of the program was abandoned. With clear weather tomorrow, five kettles in all will be placed on the busy corners, covering territory taken in

Lowell voters yesterday gave substantial majorities to all democratic candidates who sought votes throughout the entire city, with the exception of Andrew E. Barrett, as Congressman Rogers withstood the democratic slide and won a majority of 2181 over his opponent, voted to accept the Plan B form of government by a majority of 1630 votes; turned down motion picture censorship more than three to one and declined to favor the prohibition act as applied to the state by a majority of 2712.

FIERCE BATTLE  
IN DUBLIN

Irish Republicans Armed With Machine Guns and Rifles Launch Attack

Three National Army Soldiers Killed and 20 Others Wounded

DUBLIN, Nov. 8.—(By the Associated Press). An attack with machine guns and rifles from nearby houseposts was made by Irish republican forces here against the Wellington military barracks this forenoon. Three national army soldiers were killed and 20 others wounded in the fighting, which lasted two hours. The casualties suffered by the republicans were not learned.

Numerous ambulances flew about the district picking up the wounded and taking them to hospitals.

At noon the area affected was under a strong cordon composed of troops from the Portobello barracks.

At the time of the attack, which was opened at 9:30 o'clock, the parade ground was filled with troops under drill. The attacking forces concealed on the rooftops on both sides of the barracks began a heavy fire at that hour, to which the garrison replied vigorously.

ONE THIRD OF  
MONEY RAISED

Y. M. C. A.'s Drive for \$12,000 Meeting With Much Success

Campaign Committee Hopes to Have Two Thirds of Money Tomorrow

With the reports of but two days' work turned in, the Y.M.C.A. campaign committee reported raised one-third of the money desired to run the association at a noonday luncheon today. The campaign committee seeks \$12,000 to maintain the association for the coming year and to date has \$4000 raised. While this sum is not as much as was obtained last year in the same number of days the men are optimistic over the result. They point to the fact that yesterday was election day and that it was impossible to do much work.

In addition to this, last year a professional booster was hired and put in charge of the campaign. This year the committee is attempting to carry on the work alone, thereby saving the expense of a director.

At Monday's luncheon the sum of \$1713 was reported. Today the various

## DEVELOPS CHAMPIONS BUT CAN'T SWIM 440

CHICAGO, Nov. 5. (By the Associated Press.)—Not long ago the newspapers recorded the fact that Miss Sybil Bauer, 17-year-old Chicago girl, had swum the 440 yard backstroke in a record time of 5:24, breaking for the first time in recorded athletic history, a world's record held by a man. The old mark of 6:25 was held by "Stubby" Krueger.

Behind that bare announcement is the story of a coach who can't swim the 440 or probably half that distance, but who has brought out many of the most famous swimmers in recent years, including Miss Bauer, Johnny Welsmueller, Norman Ross, Perry McGinnis, Mike McDermott and Harry Hebert.

He is William Bachrach, swimming instructor of the Illinois Athletic club. Once, in his early days, "Bach" was a great "third place athlete," he says. Back in 1927 he made his only appearance in a national swimming tournament, entering the 100 yard swim in a meet in Lincoln park lagoon here. There were four entries and Bachrach won his one and only swimming medal when he finished third—after the fourth man swam himself out and quit at the end of 50 yards.

Now, weighing in at his own admission, "five pounds less than a battleship," he sits in a large wicker armchair beside the L.A.C. tank and trains promising youngsters to break all the swimming records from the Bermudas to Honolulu. Once a month or so when he is not in the tank, he sits in the water tank, "Bach" drops in with a mighty splash and does a relay or two, but that is about the extent of his own water work.

"Anybody can be a good swimmer if he has the will to work and work hard," Bachrach says. "He may not be a champion, for it just isn't born in some people to be champions, but if he is willing to plow along day in and day out and stick to the deadly grind he will be a good swimmer."

"The trouble is that lots of swimmers, and sometimes there are most natural talent, haven't enough of the will to win to keep at it."

"What is the secret of your success as a coach?" he was asked.

"Making them work day in and day out. I require my teams to swim a quarter of a mile every day. I don't hold a stopwatch on them; they can take their own time, but they must swim at least that quarter of a mile. After that they can play around the tank if they want to as long as they wish."

"If a swimmer swims 300 quarter miles in a year that's 75 miles. Nobody can swim 75 miles a year without developing. They are bound to learn something."

"I sit up here and watch them swim their 11 laps, and when they come out I talk over things and point out their mistakes and suggest improvements. That's all there is to it."

"My principle is to get them young. Sybil Bauer came to us four years ago when she wasn't quite 14 years old. We had announced through the news-

papers that we were going to organize a class for girls, and invited swimmers to apply. She was in the class. One day I saw her using the back stroke and doing very well with it. We talked it over and she decided she wanted to be the world's greatest back stroke swimmer. Today she is."

Bachrach passes over his own inability to rank above the mediocre swimmers with the explanation that the best coaches don't swim. "That applies in other sports, too," he says. "Zupke down at Illinois was never much of a football player, but look what a coach he is. When you work around here all the time you don't have the desire to swim much. It's like being a chef. Nobody ever saw a chef eat much, unless he was out at somebody else's house."

Really great swimmers, "Bach" says, are born, not made. "You can't put a voice in anybody," he explains. "There would be no use of my going to a sinking teacher to cultivate a voice. I haven't got it. But while everybody can't be a great swimmer, he can be a good swimmer, if he wants to work for it."

Most of the famous swimmers developed under his tutelage are products of the Chicago public beaches and Y.M.C.A. pools. Back in October, 1920, a boy on one of his teams told Bachrach a friend who was swimming at the Oak street public beach had been begging to be brought down to see the L.A.C. coach. The swimmer asked permission to bring his friend in order to put a stop to his pleas.

He brought him, and his name was Johnny Welsmueller. Between October, 1920, and August of last year Bachrach trained Welsmueller. Fourteen months ago he entered his first big meet. Up to the present he has broken 37 world's records.

MI-O-NA is Guaranteed to Promptly Relieve Stomach Distress

People go on suffering from little stomach troubles for years, and finally they get a real disease. They overeat and force on the stomach a lot of extra work.

But they never think that the stomach needs extra help to do extra work.

If these people would take a MI-O-NA Tablet with or after meals, it would be a great help. MI-O-NA helps in the strain of overwork, MI-O-NA helps your tired-out stomach to do its work and banishes the cause.

No matter what you eat or drink, MI-O-NA will sweeten your sour stomach and stop gas belching in five minutes. The heaviness disappears and the stomach greatly aided in its work of digestion.

And MI-O-NA not only promptly relieves all distress but if taken regularly will banish indigestion. Druggists everywhere sell MI-O-NA on the money back plan.—Adv.

LOOSEN UP THAT COLD WITH MUSTEROLE

Have Musterole handy when a cold strikes. It has all the advantages of grandmother's mustard plaster WITHOUT the blister. You just apply it with the fingers. First you feel a warm tingle as the healing ointment penetrates the pores, then comes a soothing, cooling sensation and quick relief.

Made of purest oil of mustard and other simple ingredients, Musterole is recommended by many nurses and doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, influenza, croup, asthma, neuralgia, congestion, pains and aches of the back or joints, sore muscles, sprains, bruises, chilblains, frost-bitten feet, cold of the chest. It may prevent pneumonia and "flu." 50c and 65c jars and tubes.—Adv.

## MOTOR PILGRIMAGE TO THE SUNNY SOUTH

JACKSONVILLE, Fla., Nov. 5.—Somebody in Maine or Minnesota discovered a few years ago that he could load his family into the family silver and drive to Florida for the winter at an expense about equal to the railroad fare for one person.

Now motor cars, from the quiet run-

ning sedan to the rattling, banging flivver with frying pans, lanterns, coffee pots, buckets and other utensils attached all over, them from radiators to spare tire racks, descend upon Florida in droves bearing the vanguard of the thousands of tourists who motor to the peninsula in the fall from all parts of the union.

The movement is not expected to be in full swing before the middle of November, but for weeks they have been trickling through the gateways during the daylight hours one tourist car was crossing the border over the three highways every 15 minutes.

Some of the vehicles include contraptions never before seen on four wheels. One favored by many of the travelers is a chassis with a one-room house upon it, equipped with everything from stationary wash basin to rocking chairs.

The flivver with camping equipment suspended from every possible part of the car to which a bit of wire or

cord can be attached, is the most common long distance traveler. A "hay burner" lantern, one of the variety usually seen about farmhouses, may be attached to the radiator cap. Under the car may be swinging two or three water buckets, each filled with cooking utensils or other articles. A frying pan may be attached to a door handle and the running boards usually are weighted down with baggage and the inevitable small tent that may be erected within a few minutes when the tourist finds a likely place to stop for the night. Every city and town in Florida along the motor routes within the last few years has established a camp site, and in the case of those on the outskirts of the larger places, are equipped with electric lights, water mains and sewerage. Every camp now is under the supervision of the state board of health and one sanitary engineer devotes his entire time during the winter to the inspection of them.

## EAGLES INITIATE

### NEW MEMBERS

Fifty-three new members were initiated in Lowell Aerie, 223, Fraternal Order of Eagles, at an overflowing meeting in Eagles hall last night. Owing to the fact that Thomas B. Murphy, the new grand trustee of the order, was present and gave the charge, the new class was christened the Thomas B. Murphy class. This was Mr. Murphy's first visit to Lowell since he was elected to office. The grand trustee addressed the large gathering on the general welfare of the order and laid particular stress on the old age pension, which the order is attempting to put through in the state legislature. There is a committee from the Lowell Aerie which is adding in organizing the various orders in stirring up interest and enthusiasm with regard to the passage of this bill. This committee is composed of P. W. P. Edward Phinagau, Joseph Hughes, ex-Senator Henry Draper, Martin Crowe and John M. Hogan.

Following a talk by Daniel Sullivan and the initiation of the new members, solos were given by the following: John E. Devlin, George D. Freeman, William Looney and Patrick T. Grady. The general committee in charge of the evening was as follows: Chairman, Secretary John M. Hogan; W. P. Timothy P. Barry, W. V. P. George D. Freeman, Chaplain Joseph Hughes, P. W. P. James H. OFFICIALLY BANISHED  
TURBANS REMAIN

Fashion has made most women lengthen their skirts, often very much against their wills, but is powerless when it comes to dislodging the small hat from favor.

"Long skirts demand large hats," the experts say, but women go right ahead ordering small ones, or making them themselves. And therein lies the secret of the popularity of the small hat—it may be contrived at home by any woman with the style sense, even if her knowledge of sewing is most limited.

It is a fact that many of the most smartly gowned women today buy their gowns of the most expensive minge on a velvet turban. They are 150 Moody St.

immortals take great pride in making their own hats.

Of all types, the easiest to make is the fur-trimmed turban. And this hat is to be the style leader for the next few months. The shows are showing the most fascinating ones that may be easily copied on inexpensive frames.

The new metal brocades are effectively used for crowns, so are the flared silks and the plain velvets or satins that match the fur or the costume with which the hat is to be worn.

Frequently there is no trimming but the fur, but in many of the smartest shops one sees many novel ideas. Frequently a bouquet of small French flowers in delicate or vivid colors is outlined with fur and used directly in front. A beaded ornament with strong oriental influence, or a fancy feather arrangement or buckle is often used in the same manner.

Ermine, mole and some of the thin-furred pelts are often used for trimmings on a velvet turban. They are 150 Moody St.

## Health Is Vital!

Read What This Mother Says:

Albany, N. Y. "I have been wonderfully helped by taking Dr. Pierce's Favorite Prescription. During expectancy my health was very bad. I became so weak and all run-down that I could not get around to do anything—just had to lie around all the time. I decided to take Dr. Pierce's Favorite Prescription, and by the time I had taken about one bottle I was able to be around and do my work. I got along fine after that, never having any more trouble. I had practically no suffering and my child was very healthy. Always since that experience, whenever I feel the least bit run-down or in need of a tonic I take a bottle of Favorite Prescription and it makes me feel fine."—Mrs. C. P. Steller, 423 Elk St.

## OUCH! LAME BACK RUB LUMBAGO OR BACKACHE AWAY

Kidneys cause backache! Not listen! Your backache is caused by lumbago, sciatica, or a strain, and the quickest relief is soothing, penetrating St. Jacobs Oil. Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappear. Don't stay crippled! Get a small trial bottle of St. Jacobs Oil from your druggist and rub it on. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

## TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. A easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not stylish, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell. Just dampen a sponge or soft brush with it and draw this through your hair, taking only small strands at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and lustrant. ## POSTOFFICE 850 MILES FROM NORTH POLE

OTTAWA, Ont., Nov. 8.—As the result of recent voyages of exploration in the north, Canada now claims the most northerly postoffice in the world—Craig Harbor on Ellesmere Island, only 850 miles from the Pole. Another new postoffice in the northland is at Ponds Inlet, on Baffin Island. Both were established by the Canadian explorer, Captain Bernier, during the latest tour of his schooner, the Arctic. An inspector and six men of the Royal Canadian Mounted Police are at Craig Harbor, where they have established a post, while four representatives of the famous police corps represent law and order at Ponds Inlet. Sergeant Joy of the "Mounties" has been in the district a year investigating an Eskimo murder.

The Bernier expedition was sent for the purpose of taking the first steps in an extensive program calculated to maintain efficiently Canada's sovereignty in the vast northern region. The vessel carried materials for the

REDUCE YOUR FAT WITHOUT DIETING

Years ago the formula for fat reduction was "diet"—"exercise." Today it is "Take Marmola Prescription Tablets." Friends tell friends—these friends tell others. They eat substantial food—live as they like and still reduce steadily and easily without going through long sieges of rigorous exercise and starvation diet. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a case, or if you prefer you can order direct from the Marmola Co., 4612 Woodward Ave., Detroit, Mich.—Adv.

## Spirit of Old Love Charged With Part in Marital Tangle

Mrs. Bertha  
Lahm

By N. B. A. Service  
CHICAGO, Nov. 7.—Facing the third corner of an "eternal triangle" here is the ghost of a former sweetheart. The spectral figure, claims the wife in the case, has come back to earth and is luring her husband's love away. The couple has separated, and on the strength of her story of spiritual love, Mrs. Bertha Lahm is petitioning the courts for separate maintenance from

## PIMPLY? WELL, DON'T BE

People Notice It—Drive Them Off  
With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.—Adv.

## GET RID OF THAT "TIRED FEELING"

DO you feel run down and half-sick all the time? Are you thin, pale, easily tired—no energy, no ambition, no pep?

Now is the time to take Gude's Pepto-Mangan. It will brace you up, give you a delightful feeling of vigor and ambition, enrich your blood, build firm, solid flesh, and bring the healthy color back to your skin.

Your druggist has Gude's—Liquid or Solid, as you prefer.

SOCIETY AT WEDDING

Lady Ribblesdale, first wife of John Jacob Astor and the mother of Vincent Astor, is shown here with her daughter, Alice Astor, returning from the recent wedding of Violet de Trafford to Captain Keith Mennies, M. C., in London. Lady Ribblesdale was Miss Ava Willing of Philadelphia.

on conservation and advance of that church.

This was decided upon at a meeting of missionaries in Tzechow, West China. Plans were announced by the Rev. James Maxon, new executive secretary of the committee in America by the Rev. Paul Hutchins, in editor of the Chinese Advocate.

The delegates at the missionary meeting could see the mountains of Tibet. It is several weeks' journey from Shanghai and there are no railroads in that region. The Tzechow territory lies in the heart of China's wealthiest province, Szechuen, with 60,000,000 inhabitants.

Because of the lack of transportation facilities and inaccessibility of some sections, missionaries have been

unable previously to reach many of these localities. Mountainous sections and river wastes have hindered progress in many directions.

The missionaries, planning work for the next 10 years, voted for four sets of wireless telephones with which to link up the widely separated main stations, and four two-passenger airplanes with which to reach hitherto inaccessible sections.

## Are pure food laws rigid enough?

The answer to above question will appear in this space tomorrow.

Yesterday's Question: Can baby's milk be too pure?

The Answer: Never! And that's why Bond Bread uses fine, sweet milk, as pure as you use on your table. Its very purity helps give each loaf that "home-made" flavor.

## LONDON IS BIDDING FAREWELL TO FLAPPER

LONDON, Nov. 8.—The "flapper type" of young girl is rapidly disappearing in London. The first signs of waning popularity is the discarding of bobbed hair.

According to West End hairdressers, shortened locks are no longer approved, and the coming winter season will see new styles in the art of hair dressing. The most popular substitute for bobbed hair is a short pompadour, and the use of a small ribbon or wreath. This is the favorite style of Princess Mary.

The revision in hair dressing has even gone to the extent that small amounts of false hair will be used this winter.

The new color for fall hats is "green almond," and veil will be worn extensively. The small hat with a veil fastened across the front, which was popular during the war, is to be worn

again. The hats will be smaller this fall, but huge shapes, rivaling the "Merry Widows" of years ago, will be the rage in the spring.

The new evening dresses in the Regent street windows are entirely minus a back, and a cord of white silk has taken the place of a wider shoulder strap. The materials in vogue are dark shades and purple, and heavy silks and satins will be almost the only materials used. Long trains will again grace the hallrooms, and three distinct trains are not too much for one gown.

Rich oriental brocades and bejeweled ornaments are to be seen on all of the gowns.

**HAIRDRESS A LA MODE**

In China a bride never has young girls for attendants. She is always waited upon by older matrons or spinsters. Likewise, she never wears white, as that is the color of mourning. Yellow, the national color, is the favorite color for brides.

At the wedding ceremony and the feast afterward the bride speaks only when addressed by her husband or by his parents. She takes no initiative in conversation.

## AMERICAN ARTISTS WORK ON EXHIBIT

CHICAGO, Nov. 5.—Almost 300 oil paintings and pieces of sculpture, including works of many of the most prominent artists of America, are being shown in the 35th annual exhibition of American paintings and sculpture now on exhibit by the Art Institute of Chicago.

The exhibit, one of the most important events of the institute year, includes such artists as John Singer Sargent, Weyman Adams, Katherine Langhorn Adams, Frank Benson, Fred C. Frieseke, Ilda Balcher, Walter Ufer, L. Blumenschein, C. F. Gennep, Paulanship, Sherry Fry and many others.

Nine prizes carrying with them cash awards of \$500 will be awarded by the jury of the exhibition. These include the Mr. and Mrs. Frank G. Logan medal, with a purchase or gift of \$1500, and the Potter Palmer gold medal, with a cash prize of \$1000. Awarded at this time also will be the Mrs. Keith Spaulding prize of \$1000, the Norman Wait Harris silver medal with \$500 prize, the Norman Wait Harris bronze medal with a prize of \$300, the Mr. and Mrs. Augustus S. Peabody prize of \$200, the William M. R. French memorial gold medal for a work executed by a student or former student of the Art Institute, the Martin B. Cahn prize of \$100 and the Charles S. Peterson annual purchase prize of \$500. This was not awarded last year and \$1000 is available this year.

The jury on painting is composed of Oliver Dennett, Grover, Carl H. Kraft, Grace Kavin and Leopold Sayfert, all of Chicago; John C. Johansen of New York; H. Dudley Murphy of Massachusetts and George Sotter of Pennsylvania. That on sculpture is Leon Herman, Alfonso Inanelli and Albin Polasek.

The committee on painting and sculpture is composed of Arthur T. Aldis, E. B. Butler, William O. Goodman, Cyrus McCormick, Jr., Abram Poole, Potter Palmer and Martin A. Ryerson.

By rules of the institute, only oil and sculpture by contemporary American artists which have not previously been exhibited at the institute, are permitted. The exhibit closes Dec. 10.

**SOUTHERN SWEET POTATOES**  
By BERTHA E. SHAPLEIGH  
Of Columbia University  
8 medium sized sweet potatoes.  
6 tablespoons butter.  
1 cup brown sugar.  
1 teaspoon salt.  
2 teaspoon cinnamon.  
1 cup cold water.

Wash, pare and cut potatoes into strips lengthwise as for French fries potatoes.

In a casserole or earthen baking dish place a layer of potatoes, cover with bits of butter and brown sugar, repeat until the potatoes, butter and sugar have been used.

Mix salt and cinnamon with the water and pour over the potatoes. Cover and bake slowly two hours, basting frequently with the liquid in dish.

**PANCY SLEEVES**

The only trimming on a draped gown of black crepe is seen on the sleeves. These are of white georgette crepe, heavily beaded in gold beads and embroidered in gold floss.

towns in the county complete, Arthur K. Reading, republican, defeated James C. Reilly of this city for the office of district attorney by 5522 votes. Reading's votes were 35,194, against 35,972 for Reilly. The fight was close all the way, but the votes of Malden, Somerville and Medford gave Reading big majorities.

Gaston's majority over Lodge was 4356, while Fitzgerald led Cox in the city by 3321 votes.

Two senatorial contests found republican winners. Frank H. Putnam in the eighth district defeating Hon. Henry A. Draper, and Charles H. Slowey of Reading forging ahead of William A. Cullen of this city in the seventh or Silver-String district.

As was forecasted, Owen E. Brennan and Charles H. Slowey, seeking reelection in the 14th district, had little

WILLIAM C. PURCELL

trouble in holding an advantage over their republican opponents, Harry W. Leavitt and John J. Mahoney, and in like manner, in the 15th district, Henry Achin, Jr., Victor F. Jewett and Fred O. Lewis, all republicans, were successful. There was no contest in the 16th district where Thomas F. Corbett won the election on nomination day.

William C. Purcell, register of deeds, disposed of his republican opponent, Councilor Frank R. Stearns by over 5000 votes.

Returns were very late in arriving at city hall and it was 3:30 o'clock this morning when the ballots from Precinct 1 of Ward 7 arrived at the office of the election commission. It was a big vote in all parts of the city despite an uncomfortable day.

### CITY VOTE BY WARDS AND PRECINCTS

The vote of the city by wards and precincts was as follows:

VICEROY OF INDIA OPENS  
LEGISLATURE

SIMLA, India, Nov. 8.—In opening the autumn session of the Indian legislature here this month, Lord Reading, viceroy of India, spoke gratifyingly of the pacification of the Mohammedan elements and the establishment of cordial relations with border powers. He also emphasized the need for financial retrenchment, and spoke optimistically of the future of the reforms.

Referring to the Mohammedan question of the Khilafat, Lord Reading said:

"In the domain of external affairs, the subject uppermost in our minds is the proposed revision of the treaty of Sevres. I can now add little to the statement I made at Peshawar in April last, save to assure you that every stage in the developments is followed by my government with a keen and watchful interest, and whatever action we can will properly adopt to lay before the British government the reasonable aspirations of the Moslems of India regarding these developments we have taken, and shall not fail to take."

"It is gratifying to observe that the activities of my government have not been without effect upon the Moslem population of India, who have readily acknowledged and appreciated that my government has done its utmost to

Impress the Indian Mohammedan view upon His Majesty's government.

"At this moment negotiations are proceeding with the object of arriving at a solution of this difficult and delicate problem, and it is therefore undesirable for me to discuss the situation. I will only remind you that, as

already stated by His Majesty's government, the representations will be fully considered and due weight will be attached to them by His Majesty's government in so far as these are compatible with justice, their obligations to their allies and the adequate safeguarding of minorities. It is most

earnestly to be hoped that these efforts of His Majesty's government and its allies will shortly result in the complete restoration of peace to the Near East."

The viceroy's words aroused frequent expressions of approval from various parts of the assembled houses.

ORATORICAL CONTEST  
FOR LAW SCHOOLS

DALLAS, Tex., Nov. 8. (By the Associated Press).—A national oratorical contest for American law schools will be undertaken by the citizenship bureau of the American Bar association, according to announcement by R. E. L. Sauer of Dallas, chairman of the committee on American citizenship of the American Bar association. The bureau was established in order to promote the contest, he declared.

"Activities of the bureau during the current collegiate year will be to conduct oratorical contests among American law schools to consist of the public discussion of prescribed subjects in the fields of American constitutional government and good citizenship," he said.

"These contests will be organized by Dr. E. D. Shurter, who has been granted one year's leave of absence from the university of Texas. Dr. Shurter, who is director general of the International League of America, will utilize the league in the interest of the citizenship bureau."

A series of local, state, district, bi-district and national contests will be held, open to all undergraduates of any reputable American law school which had a registration of 30 students during the preceding academic year. It is planned.

At least four entrants must participate in a local contest to be held on Lincoln's birthday, Feb. 12. The winners in the local contests will go to a

state contest to be held on the evening of Washington's birthday, Feb. 22. The winners in the state contest will then engage in one of eight district contests to be held on the evening of Flag day, April 13. Bi-district contests will be held on Patriots day, April 19, and the final national contest will occur at Washington, on the evening of Memorial day, May 30. These are the tentative plans outlined by Mr. Sauer and Dr. Shurter.

Traveling expenses of the contestants will be pro-rated at the state, bi-district, and national contests, and gold watches with a specially designed dial representing the American Bar association, will be awarded to first and second honor men at the district contests. The first and second place winners in the national contests will be awarded cash prizes of \$100 and \$500, respectively, Dr. Shurter declared.

STREET RAILWAY  
WAITING ROOM

At a meeting of the trustees of the Eastern Massachusetts Railway in Boston yesterday, the Lowell waiting room problem was taken up and discussed for some time. It was not fully decided what action to take regarding the store of James Gallagher tendered to the railway company as a reimbursement for the purpose desired, and it was voted that action be deferred until Thursday evening, when the Lowell city council may have some more information to offer the trustees, who are reported to look favorably upon the Gallagher store site.

1 quart or 2 dozen oysters.  
1 1/2 cups bread crumbs (from the center of a stale loaf).  
1 1/2 cups cracker crumbs.  
1/2 cup melted butter.  
1/2 cup onion.  
1/2 cup oyster liquor.  
Salt and pepper.  
Slight grating nutmeg.  
Pick over and drain from liquor the oysters. Add butter to bread and cracker crumbs. In the bottom of a buttered dish place a layer of crumbs, over this a thick layer of oysters, adding half the cream and oyster liquor. Sprinkle with salt and pepper. Repeat and on top of the second layer of oysters have a layer of crumbs. Bake in a moderate oven 30 minutes. Always have only two layers of oysters, as any more would have the middle layer under-done, while the top and bottom layers would be over-cooked.

## Gained 8 Pounds In Two Weeks On Tanlac

"Tanlac has given me the surprise of my life," declared Tom P. Barron, a highly respected citizen of Richmond, Vt., recently.  
"I was just dragging around, feeling more dead than alive, and finding it extremely hard to keep at my work, when a friend of mine told me to try Tanlac. Well, sir, I commenced to feel better at once; in two weeks' time I had gained eight pounds, and now I can do all kinds of work without giving out."

"About a year ago, my health began to fail and I lost strength so fast that I soon found myself in a badly run-down, weakened condition. My stomach was terribly upset, I was eating barely enough to keep alive, and was suffering all the time from intestinal troubles. I was so nervous I would wake up every little while all night long, and get up mornings more worn-out than ever."

"Tanlac and the Tanlac Vegetable Pills have rid me of my troubles completely, and now I have a wonderful appetite and am picking up strength and energy right along. My nerves are steady. I sleep fine, and get up every morning perfectly rested. I will always have a warm spot in my heart for Tanlac."

## CLASS ORGANIZED AT THE HIGH SCHOOL

Oral English was the subject of a class organized at the Lowell high school last evening by the state division of university extension, of the department of education. Edward A. Sullivan, of Cambridge, state instructor in spoken English, gave an opening talk on the subject matter of the course before a large group of Lowell men and women. It was not his purpose, he said, to teach formal elocution, but to train students to speak effectively before others. At the conclusion of his talk, several members of the class began their instruction by addressing briefly their fellow classmates. The class was enrolled by Frederick Holmes, university agent, who mentioned other courses to be given here within the next two weeks and emphasized the importance to citizens of

the courses in present-day economic problems which is scheduled to open at the Lowell high school next Monday evening. That subject is being given here, he stated, in response to a strong demand from men and women in business and industry, who wish a better understanding of modern events in terms of economics.  
The second meeting of the course in business law organized here last week under the instructorship of Patrick Reynolds, local attorney, has been postponed until Thursday evening, Nov. 16, according to an announcement made at last night's meeting. New enrollments will be taken at that time, and the courses in economics and oral English will also be open to new students during the next two weeks.

## JUDGE COX ADDRESSES LOWELL ROTARY CLUB

A brilliant plea for the safeguarding of the bulwarks of the American Judiciary and the stamping out of all lawless agitators who would break down the bars of constitutional law and dissolve the rule of government by the people, was delivered by Judge Louis Cox of the Massachusetts superior court before 100 members and guests of the Rotary club, yesterday.

The clubmen were told intimate details of events recently investigated by government authorities who have found seditious rise in many sections of the country. Even in the city of Fitchburg, Judge Cox told the Rotarians, there is today in existence a socialistic organization with many members, plotting and planning to overthrow the United States government as well as the constitution. He declared that the Fitchburg society has 10 "new commandments," the first commandment reading: "I will hate Almighty God with all my might."

The speaker also declared that Americans are not to be misled by these things, with a wave of unrest spreading to all quarters of the land and seditious and anarchic rampant while many Americans are oblivious to what is actually going on in many circles for the undermining of all governmental authority.

Before Judge Cox's address, President Parker announced further plans for the Charity ball, to be held at the Auditorium Friday night, Nov. 17, and the Rotarians sang their new one, "Little Nelly Kelly," which was big this year. After the singing, the members for speakers for the "Hub of Flowers" fruit and candy, the other day, when he was tied up in bed by the doctor's orders for rankly disobeying said doctor who discovered him in a near-pneumonia clinic. The major was all right today and was armed heavily with local campaign cigars.

After a letter from a sick member, Paul B. Chandler, was read—Paul is stopping in Biddeford, Me., where the breezes are very cool in November—the guests were introduced with Arthur Kelley of Philadelphia, Herbert Gould of Boston, James E. Munkland and others on hand in addition to the regulars—there was a host for the charity bazaar which is to be a "very special" feature of the coming ball.

Commencement of Massachusetts Middlesex, ss. Superior Court. NORMAN GUILLINE ET AL.

THOMAS J. BENTLEY ET AL. vs. This is a Bill in Equity wherein Norman Guiline, Ralph Greene, Charles W. Holmes, Napoleon J. Lavigne, Benjamin W. Ward, Edward J. Ferris, Frank F. Murray and James D. Carr, all of Lowell in the County of Middlesex, are plaintiffs, and Thomas J. Bentley and Emily Bentley, both of Tyngsborough in said County, and Wallace W. Cole and William E. Lancaster, both of Salem in the State of New Hampshire, are defendants.

The bill shows that the defendants Cole and Lancaster about the year 1912 were owners in fee of a certain tract in the northern part of Tyngsborough, consisting of one tract of land with the buildings thereon, containing about one-fourth an acre to the town of Tyngsborough. That in 1912 said Cole and Lancaster had prepared a plan of dividing the same into lots and ways.

That said Cole and Lancaster sold certain of said lots to the plaintiffs, who are now several owners of said lots in fee.

That there is no highway bordering on said lots or shown on said plan and no means of approach and egress therefrom.

That said Cole and Lancaster conveyed by deed dated August 18, 1916, the remainder of said land excepting a certain right of way, to Edward J. Mosher.

That said Mosher by deed dated October 1, 1921, conveyed the premises to Thomas J. Bentley and Emily A. Bentley.

That from the time of purchase of said lots by the plaintiffs, up to the fall of 1921, the plaintiffs had been using the same for the purpose of approach to and departure from said lots purchased by them, to pass over said farm from a point near the westerly end of Maple Street to the said Lowell and Nashua Road.

That in 1915 the said Cole and Lancaster made an agreement with the plaintiffs to locate, improve, construct and grade a way, connecting Maple Street with the Lowell and Nashua Road and drove stakes to determine the course thereof. That the plaintiffs agreed to such location but nothing was done in the improvement of the same, and the plaintiffs continued to use the right of way, which followed some of the lines of the way as so used, but could not be followed the entire distance.

That the defendants Thomas J. Bentley and Emily A. Bentley some time during the fall of 1921, did build a wall and fence across the way, so used, and the way agreed upon by said defendants Lancaster and Cole, causing the same to be impassable. That the plaintiffs have not been able to use the same and since the placing thereon of said obstacles are deprived of any means of entrance or departure to or from their lots.

That during the month of August, 1922, the defendants Cole and Lancaster improved Oak Street, as laid out on said plan, disavowing the agreement made as aforesaid with the plaintiffs, and refused and still refuses to improve said right of way from Maple Street to said Lowell and Nashua Road, as agreed upon.

Wherefore the plaintiffs pray: 1. That the defendants Thomas J. Bentley and Emily Bentley be restrained from placing any obstacles on right of way as described in paragraph 5 of said bill.

2. That the defendants Wallace W. Cole and William E. Lancaster be restrained from interfering with the use, by the plaintiffs, of the right of way as described in paragraph 5 of said bill, by or conveying their rights in same to any person.

3. That the defendants Wallace W. Cole and William E. Lancaster be ordered to grade and construct the right of way as described in paragraph 5 of said bill.

4. And for any other relief that may seem to the Honorable Court full and proper.

And it appearing upon inspection of said Bill of Complaint that the defendants Wallace W. Cole and William E. Lancaster are at present without the Commonwealth, to wit, at Salem in the State of New Hampshire, it is ordered that the plaintiffs notify the said defendants Cole and Lancaster to appear and answer the plaintiffs' bill within one month from the first Monday of November next, by publishing a copy of this order in The Lowell Sun, a newspaper published in Lowell in said County of Middlesex, three times in different weeks, within thirty days after the date of this order, the last publication to be fourteen days at least before the first Monday of December next.

1922, October 11. FREDERIC L. PUTNAM, Asst. Clerk.

and then Judge Cox was introduced by Gardner Pearson.

The judge was once a captain in the militia over in Lawrence, and handled a full strike or two without any trouble. He began his address today with good stories, although he is not a Rotarian. His acquaintance with Joe Bush, the old-time vaudeville comedian who used to get \$500 a week in Lowell and then couldn't pay his carfare out of town, was reviewed, the judge explaining how Bush "stole" his jokes, but getting only two a year and considering himself lucky because real jokes are just as scarce as that.

The judge, who is a brother of Gov. Channing Cox, spoke a good word for Channing and two other brothers who make up the "Cox quartet." The speaker said he had no special word to bring about politics, but believed that the record of Governor Cox deserved support, "because I know my brother better than you do, perhaps."

Followed good stories of Lucius Tuttle, the B. & M. magnate of olden time; the trip of George Gould, railroad and millionaire, to the far west and his rebuke by a man named Murphy; and then another good story with Murphy in it again, and finally a shift into the real feature of the afternoon's address—a staunch defense of the Massachusetts courts.

Judge Cox said Bay State courts are "standing all tests, and other states follow suit." But judges are appointed to hold office so long as their conduct is good. Other states elect judges to office, and some campaigns are not edifying. The speaker said the campaign against Justice Cohan in New York city was an example of politics in the judicial world. He wished Cohan highly and said he hoped Tammany Hall's campaign to oust the judge would be unsuccessful.

"Massachusetts is the only state in the Union that keeps her judges in office during good behavior," said Judge Cox. He strongly opposed the system of electing judges by ballot. He related the story of the recent debauchery of judges in Cleveland, O., where men were elected to office by the people and then failed in their trust. He told of the great fight to save judges who had accepted their robes of office and dragged their supporters in the mire, and then went to prison in the end.

He declared that there was a strong movement unknown to many citizens of the land, now actually under way to undermine the national government and smash constitutional laws. He warned his hearers to be on their guard, that "all things today are not what they seem."

He said the people of the land are not deprived of their rights by the 13th amendment, but on the other hand are actually ruling themselves by their own acts. He told of numerous meetings of non-government "trade" meetings in secret in various parts of the country regularly, trying to pull down all laws. He then described the Fitchburg society that has raised in the country of conduct and doctrine, some of which he revealed.

"Let us protect the priceless heritage of this government of ours," said Judge Cox, closing. "There are men plotting and planning every day to undermine our very constitution. We must awaken and be on our guard. We must not hand down to our children a terrible burden from which they can never recover. The fundamental principles of our constitutional government are something more than the things that we have to do with every day. We must not forget that the stability of government will come only from the safe-guarding of our courts."

The judge's speech aroused the Rotarians to such a pitch of genuine patriotism that President Parker ordered the members to rise and sing "The Star Spangled Banner." It went big.

U. S. SEN. McCORMICK SAILS FOR FRANCE

NEW YORK, Nov. 7.—Senator Medill McCormick, chairman of the republican senatorial committee, sailed today on the Mauretania with Mrs. McCormick for France. Senator McCormick said that he would investigate economic conditions in Europe and how the United States might help in its economic rehabilitation.

"If the countries of Europe are sincere in their determination to bring about an economic recovery," he said, "they will find many friends who are opposed to any political alliances with European powers."

DOZEN AUTOMOBILES HELD ON BORDER

NIAGARA FALLS, N. Y., Nov. 7.—More than a dozen automobiles and considerable merchandise are being held by Canadian customs officers today, as the result of a close search of machines and pedestrians crossing the bridges here yesterday and last night.

Yesterday was Thanksgiving day in Canada, and a large number of persons took advantage of the holiday to cross the border. Those who did shopping on the American side found more than the usual cursory examination of baggage and automobiles when they returned.

The action of the customs officials was said to be in response to complaints of Canadian merchants that their business was being hurt by competition with smuggled goods.

## TO LEAVE WREATH ON GRAVE OF UNKNOWN AT \$15,000 STOLEN

WASHINGTON, Nov. 7.—President Harding, Secretary of War Weeks and Secretary of the Navy Denby, with military escort, will go to the grave of the Unknown Soldier on Armistice day and leave a wreath there after a brief ceremony which is expected to establish a precedent to be followed throughout the year.

No national holiday will be proclaimed by the president, who is said to feel that the simple exercises at the grave are preferable for expressing official government recognition of the day.

MISSIONARIES SEIZED BY BANDITS

PERING, Nov. 7 (by the Associated Press).—Eight foreigners, five of them missionaries, were seized in the hands of bandits in the province of Honan. The latest abduction includes Madame Soderstrom and her daughter, who were captured at Shang Tsai Sien, according to a correspondent writing at Kailang, under date of Nov. 3. They are members of the China Inland mission, from the American synod. Missionaries Fosberg and Lundell were seized on Oct. 13.

There are frequent communications from the captive families. The prisoners write that they are well treated, even given the opportunity to preach their gospel to their captors.

WOMEN IN POLITICS MAKES HIM SICK

NEW YORK, Nov. 7.—"Women in politics make me sick," ruminated Eugene Komanski, dry goods merchant, as he surveyed the line of feminine voters in front of a polling place on upper Broadway.

The next thing Komanski knew he was in a West Side clinic, his face bruised and scratched, his clothes torn and collar missing, answering a charge of disorderly conduct, preferred by one of the women.

"The worst of it is," said Komanski after he had told his story and been dismissed by the court as sufficiently punished already, "they called me a 'big Tammany cheese' when I'm a straight republican."

## HOW TWO WOMEN ESCAPED OPERATIONS

Doctor Advised Use of Lydia E. Pinkham's Vegetable Compound

Happy Results in Both Cases

St. Joseph, Missouri.—"Both of my sides swelled and hurt me so that I could not move or do any of my work. There was heavy pressure and pains through my lower organs and the doctor told me to try Lydia E. Pinkham's Vegetable Compound for these troubles. He said I had this one chance, and if the Vegetable Compound did not help me nothing but an operation would. After taking several bottles I felt it was helping me and now I am able to do my own work. If my testimonial will help others I shall be glad for them to read it and hope your Vegetable Compound will do them as much good as it did me." —Mrs. WM. LOCKMAN, 613 N. 4th St., St. Joseph, Mo.

White Plains, N. Y.—"I had such a pain that I could hardly walk and the doctor said that I needed an operation. I was sick for a year before I started taking your medicine and I could not work. I saw your advertisement in a little book and that is how I came to take Lydia E. Pinkham's medicine. I have been taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine, also Lydia E. Pinkham's Liver Pills and used Lydia E. Pinkham's Sanative Wash and the capsules and prescription recommended. I am doing all my work and have gained twenty pounds. I am taking the medicines still, but I feel fine. You have my permission to use this letter for the good of others." —Mrs. MARY MARK, 37 Hamilton Ave., White Plains, N. Y.

Some female troubles may through neglect reach a stage when an operation is necessary. But most of the commoner ailments are not the surgical ones; they are not caused by serious displacements, tumors, or growths, although the symptoms may appear the same.

When disturbing ailments first appear, take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. Many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

## ELECTION BULLETINS

NEW YORK, Nov. 8.—(By the Associated Press.) The Associated Press tabulation of the vote for the house of representatives showed at 8:30 o'clock this morning: Democrats, 175; republicans, 171; socialist, one. Only twenty states were then complete. Two hundred and eighteen members are required for a majority.

CHARLESTON, W. Va., Nov. 8.—W. M. Nealey, democrat, was leading United States Senator Howard Sutherland by 12,167 in the fight for the senatorship. The vote from 148 precincts out of 205 in the state gave Nealey, 147,664; Sutherland, 135,397.

INDIANAPOLIS, Ind., Nov. 8.—Returns from 187 of the 339 precincts in Indiana for United States senator gave Baileston, (D) 312,453; Beveridge, (R) 308,285.

COLUMBUS, Ohio, Nov. 8.—The vote for the beer and wine amendment went back into the lead this morning when an error of approximately 39,000 votes was discovered to have been made in tabulating the vote of Cuyahoga county. The corrected result showed the affirmative and negative vote almost equal. The vote in 1595 through supreme court clerk probably would be elected.

NEW YORK, Nov. 8.—(By the Associated Press.) Returns today supplementing those of last night showed that republican senate seats from Indiana, Maryland, New Jersey, New York, Michigan and West Virginia apparently had been captured by the democrats and that the republicans had captured senate seats held by democrats from Colorado and Ohio. In Delaware, Montana and Minnesota the results were too close to be counted.

ST. PAUL, Nov. 8.—For United States senator, 122 precincts out of 347 in Minnesota gave: Kellogg, (R) 39,940; Shipstead (farmer-labor) 18,273; Olsen (D) 16,223.

INDIANAPOLIS, Ind., Nov. 8.—Republicans who went to the polls in Indiana yesterday apparently disregarded party lines with the result that election officials were found today slowly counting the scratched ballots. Returns available this morning from less than half the state indicated the defeat of Albert J. Beveridge, republican senatorial nominee, but also showed that the republican state ticket from secretary of state on down through supreme court clerk probably would be elected.

## Democrats Win in N. H.

21 small towns missing, of 35,371 to 20,011 for John Seamon, republican. Congressman Edward H. Wason, republican, was re-elected in the second district his vote with nine towns missing being 29,804 to 26,029 for William H. Barry, democrat.

The democrats won control of the lower branch of the legislature, electing 216 representatives to 205 for the republicans, with three districts missing. The republicans retained a lead in the senate with 15 seats to nine for the democrats, a democratic gain of 6. The executive council also remains republican.

Former Governor Robert P. Bass, once a progressive party leader, was elected a state representative from Peterboro.

## G.O.P. Chairman's Statement

CONCORD, N. H., Nov. 8.—Chairman Dwight Hall of the republican state committee issued this statement today:

"It was elected governor and Wason goes to congress from the first district. The house and senate are republican and so are four of the five congresses. The only reason why we did not carry the state for Goodnow and the first district for Seamon, is that we did not get votes enough."

## Great Democratic Victories

was re-elected: Cade Joe Cannon passed on his seat from Illinois to a republican, Mrs. Alice Robertson, a publican, of Oklahoma, the only woman in congress, was beaten by a man—the democrat whom she defeated two years ago and the present house got an additional woman member, a republican, in Mrs. Winifred Luck, a daughter of the late William M. McKim of Illinois, who had served in both senate and house. She was elected to fill out her father's unexpired term and will only serve until next March.

With the defeat of Governor Miller of New York by Alfred E. Smith, the republicans also lost 13 seats of the Empire state in the house of representatives and a senator, William M. Calder, who was beaten by Dr. Royal S. Copeland, democrat, health commissioner of New York city.

With democratic victories in other states came national defeat close to the republican administration and President Harding personally went down to defeat.

## GREAT DEMOCRATIC VICTORY IN NEW YORK

NEW YORK, Nov. 8. By the Associated Press.—Riding on the crest of a tide of votes that swept into office the entire democratic state ticket and its candidate for United States senator, gave the party a majority of the state delegation to congress and reduced the republican control of the state legislature to a slight minority. Alfred E. Smith was elected governor of New York yesterday by a plurality of approximately 118,000 over Nathan L. Miller, who defeated him two years ago.

In accomplishing this notable personal triumph, Smith carried his native city of New York by a plurality of nearly 478,670, the largest it has ever given any candidate for any office.

With all but 2% of the state's 7301 election districts accounted for at 7 o'clock this morning, the vote was: Smith, 1,575,845; Miller, 970,388.

Dr. Royal S. Copeland, democrat, health commissioner of the city of New York and former republican mayor of Ann Arbor, Mich., defeated United States Senator William M. Calder, republican, running for re-election by a plurality of approximately 275,000.

The vote, with 940 of the 7301 election districts missing, was: Copeland, 1,125,893; Calder, 876,246. Complete returns from New York for governor, give:

Smith (D) ..... 1,575,845  
Miller (R) ..... 970,388  
Casidy (Sec.) ..... 12,134

Republicans will have a majority of only one in the new state senate which will consist of 26 republicans and 25 democrats. The present senate is made

up of 39 republicans, 11 democrats and a socialist.

Boom Smith For President

Ex-Governor Smith's smashing victory immediately started his friends booming him for the democratic nomination for the presidency in 1924. In 1922 he was given a splendid ovation at the democratic national convention in San Francisco, as New York's "favorite son" receiving the complimentary vote of the state delegation on the first ballot. He only smiled, however, when he was hailed last night as the next president of the United States at a wildly enthusiastic reception given him in his headquarters.

Later when someone asked: "How about 1924 governor?" he shook his head and said: "The job I've been elected to, is big enough for my man."

## Close Fight in Wisconsin

MILWAUKEE, Wis., Nov. 8.—Returns from 127 out of 153 precincts in Milwaukee district gave: Edgar, socialist, 24,863; Stanford, (republican) 20,553. One hundred and six precincts out of 131 in the Fourth district gave: Schaefer, republican, 15,492; Melam, socialist, 14,002.

## Edwards Wins by 90,000

NEWARK, N. J., Nov. 8.—Governor Edward I. Edwards, democrat, overcame United States Senator Joseph P. Respublican, friend of President Harding, and administration spokesman in the race for the seat in the senate at Washington in the New Jersey elections yesterday.

## State Dry Act Repealed

SAN FRANCISCO, Nov. 8.—Defeat of the state prohibition enforcement act in California was indicated by returns from 670 precincts early today. The vote stood: For, 13,120; against, 59,561. The vote for repeal of the act in the complete precinct out of 651 in the state was: Richardson, republican, 53,426; Woolwine, democrat, 53,251.

## Dry Leader Elected to Congress

DETROIT, Nov. 8.—Grant M. Hudson, a prominent prohibition worker and former head of the Michigan Anti-Saloon League, was elected to congress from the Sixth Michigan district. Hudson is a republican and defeated Charles Adair, democrat.

## Murder Case Figured in Election

NEWARK, N. J., Nov. 8.—A feature of the New Jersey election was the Hall-Mills murder mystery which for seven weeks has occupied the center of politics in the state. A democratic prosecutor of Middlesex failed to solve it, but beyond being the democratic prosecutor of the county, he was when the case opened, the campaign manager for Justice Silzer, candidate for governor.

It was openly feared by democratic leaders that the situation might hurt their party's chances. Yet Edwards running for the United States senate carried Middlesex by 5000 and Silzer—It is his home county—won by almost 7000 there.

## Close Fight in Vermont

MONTPELIER, Vt., Nov. 8.—An unusually close election in the democratic district marked the election yesterday in Vermont. James E. Kennedy, democrat, who made his campaign chiefly on advocacy of modification of the Volstead act, ran 1176 behind Frederick J. Fleetwood in this district, with one town against him, Governor Porter H. Dale, republican, was re-elected in the second district by almost a four to one vote over John J. Wilson.

Congressman Frank L. Greene, republican, was elected senator to succeed Senator Carroll S. Page by a margin of 23,560 over William B. Mayo, with a few towns missing.

Redfield Proctor, republican, third of his family to be elected governor of Vermont, won over J. Holmes Jackson, democrat, by 31,000.

The democrats gained a few seats in the legislature. The total vote was small.

## Mid-West Elections

CHICAGO, Nov. 8.—Six middle western states changed their political complexion as to United States senators in yesterday's election on the first of returns available early today, with the net indicated loss to the republicans of two senators.

In three of the states—Indiana, Michigan and North Dakota—returns showed democratic candidates leading for senate places. In two states—Ohio and Nebraska—the figures indicated the upsetting of democratic incumbents.

The return of beer and light wine was favored by a heavy majority in Illinois. In that state the vote was more than 3 to 1 in favor of proposed modification of the prohibition act.

In Ohio a beer amendment, which in the early vote had been declared defeated, went into a slight lead when an error of thirty thousand votes was found in Cleveland tabulation.

Illinois also returned a heavy majority in favor of a \$50,000,000 bonus to Illinois soldiers in the World war. Congressman Andrew Volstead, father of the prohibition act, apparently was defeated for congress in Minnesota by the Rev. O. J. Ryke, who, however, has declared that he is "drier" than Volstead.

## G.O.P. Sweeps Pennsylvania

and legislative seats. Returns in hand indicate Gifford Pinchot elected governor by a majority in excess of 250,000.

United States Senators George Wharton Pepper and David A. Reed appear to have been elected by large majorities.

Returns from 5345 districts out of 8912 in the state gave Pinchot 639,007 and John A. McSparran, 338,935.

In 5270 districts in the state, Reed received 575,420 and Samuel B. Shull 265,923.

Returns from 4988 districts gave Pepper 573,579 and Fred B. Keer 256,781.

## Sen. Reed and Ticket Win

ST. LOUIS, Nov. 8.—(By the Associated Press.)—United States Senator James A. Reed apparently pulled the entire democratic ticket over with him, with the exception of possibly five

congressmen, in Missouri's election yesterday. One of the most surprising upsets was furnished by the vote in St. Louis county for decades a republican stronghold. In the 65 precincts reported up to this morning, Reed received a plurality of 1533. Two years ago the county went republican by more than 11,000 votes.

Returns early today from the 14 congressional districts indicated 11 democrats elected. Mrs. St. Clair Moss, democrat, candidate for congress in the eighth district, apparently has been defeated by Congressman Ed. Beach.

Democratic Gain in West

SAN FRANCISCO, Nov. 8.—Democratic gains were made in several western states in yesterday's election both in the congressional and gubernatorial races.

In Arizona and Oregon, election of

democratic governors in place of the republicans who now occupy the executive chairs was conceded. In Montana, New Mexico, Oregon and Utah, though the figures from three of the states were far from complete, democrats were in the lead for congressional places now held by republicans.

W. G. Hunt, democrat, is reported to have won the gubernatorial chair in Arizona, after a previous defeat.

Friend W. Richardson, republican candidate for governor of California, had a heavy lead over his democratic opponent, Thomas Leo Woolwine, today.

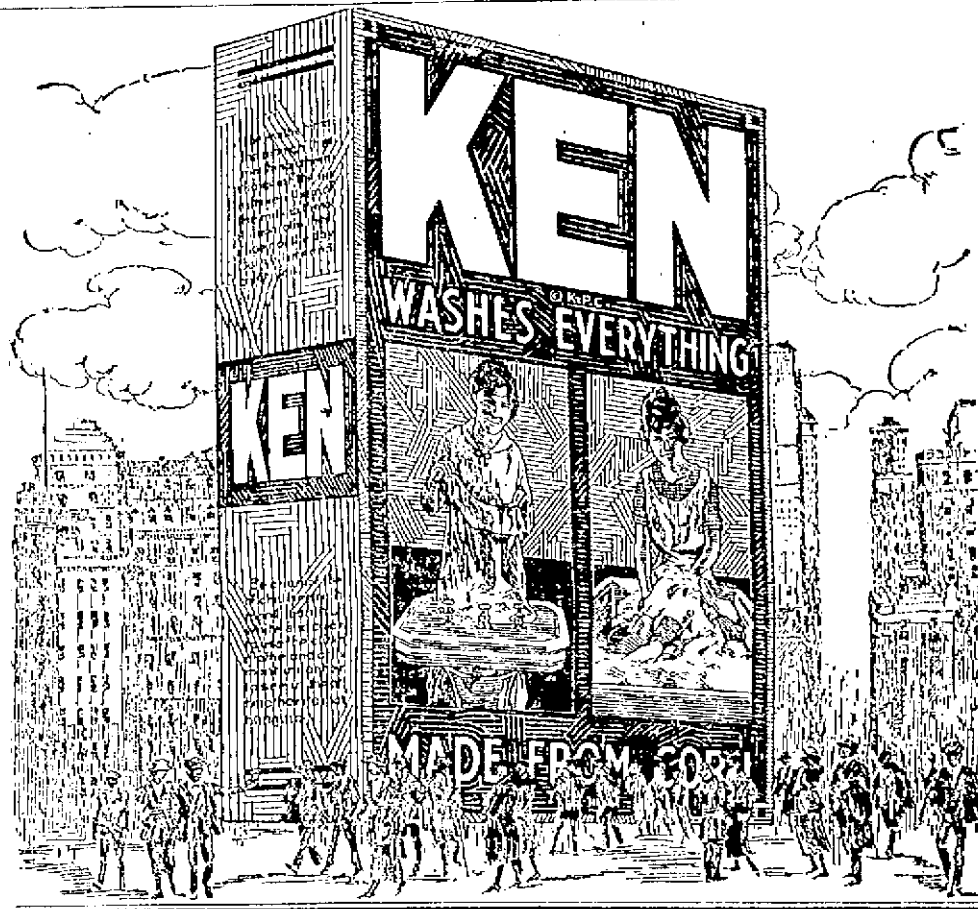

Hiram W. Johnson led in every county of California from which returns had been received indicating an easy victory for reelection to the United States senate. His margin over William J. Pearson, the democratic candidate, was more than 23,000.

## All Over the City

EVERYWHERE the KEN Man has left behind him a trail of enthusiasts.

All the alert and modern housewives are using KEN That Washes Everything. All the progressive stores are selling it.

For KEN has shown that washing can be made easier, better, safer, more economical than it ever has been before, because KEN is the perfected combination of corn, its most important ingredient, with other new materials having wonderful natural detergent and cleansing properties.

KEN is neutral, with no free caustic alkali. It is gentle. It cleans by loosening the dirt particles, which are absorbed in the solution and easily and quickly rinsed away.

KEN will wash and clean dainty lingerie, silks and other fine fabrics without washing or soaking, and will do the general laundry work equally well.

And KEN is economical. It needs no help from ammonia, borax or soda. You require only this one product for every washing purpose. A 10¢ package contains nearly half as much more than the ordinary package of flaked or powdered soap, and you use less of it.

KEN is effective in cold water as well as hot, in hard water as well as soft.

## ELECTION RESULTS

Yesterday's election resulted in something like a democratic sweep which, however, was shown more in the decreased republican vote than in the general defeat of republican candidates. To this showing there was a notable exception in New York state where Smith and the whole democratic state ticket was elected including Dr. Copeland for United States senator to succeed Senator Calder, republican. We regret that the democratic ticket did not fare so well in this state. Despite the strenuous campaign made by Hon. John F. Fitzgerald, Governor Cox, his opponent, was elected, and Senator Lodge pulled through by a very small margin.

The election of a democratic governor in New Hampshire and the victory of U. S. Senator Gerry in Rhode Island are among the democratic victories that cause satisfaction in New England.

Locally the election brought few surprises. The democratic ticket was well sustained except in the case of the congressional contest and the city certainly did its duty by James C. Reilly. It is not the fault of Lowell that he has been beaten. He had a big republican majority to overcome. To the credit of a large section of the republican party be it said, that they put up a clean and decent fight for his election but a few nondescript politicians and political chameleons lost an opportunity of stabling him in the back. Their influence, however, had little weight as shown by his splendid vote in Lowell.

Notable among the results is the adoption of Plan B charter by a decisive majority and the crushing vote of three to one against the censorship. There is no change in the delegation to the General Court and Register Purcell is re-elected as was expected.

## A NOTABLE REVIVAL

One of the healthiest financial reports of an industrial revival that affects the manufacturing field in Lowell and vicinity, is that just received from the main offices of the American Hite and Leather company, which has an important plant in this city.

From the executive quarters of this great corporation comes the news that the last nine months has been a period of real prosperity for this industry, with balances on the right side of the ledger.

The company announces that for the nine months ending September 30, there has been a profit of \$232,784, in contrast with a deficit of \$757,358 in the corresponding period of last year.

This is the first time that the company has shown a profit for a nine months period since 1919, which seems to have been the "hardest" year for nearly all great industrial corporations that had to weather numerous business and financial storms as best they could without "going under." And most of them with good management and plenty of good reserve energy and, of course, ample emergency funds, did weather the "storms in poor business," in highly successful shape.

In the American Hite and Leather report just issued, the 1922 figures do not include \$158,000 received as extraordinary income for fire loss, which made the surplus for that period \$127,784. The net earnings after repairs, repairs for taxes, etc., amounted to \$135,270, compared with a deficit of \$529,773 in the previous year. Depreciation, etc., totaled \$202,486, against \$228,055 a year ago.

The news of returning prosperity for this company that made such headway in bygone years will be of interest to many Lowell people who have been employed in the local plant. More than one "leather worker" interested in the successful operation of this Lowell industrial plant, watch these financial reports regularly, and rejoice at the company's prosperity after such a long period of depression.

## LOST THEIR VOTES

There must be a complete change in the polling booths of the city as a result of yesterday's experience. In some of the polling places there is not more than half enough boxes or booths for the accommodation of voters. Take, for example, Precinct 3 of Ward 5. It is supposed to accommodate about 1100 voters, but it has only six booths in which voters can mark their ballots. There should be at least twice as many. We understand the law, or else established custom, provides that one individual polling place is necessary for every seventy-five voters. On that scale, Precinct 3 of Ward 5 should have fourteen. It is quite probable that many voters who after waiting nearly half an hour had to go to work, failed to return to the polling place in time to vote. That means that a very considerable number of people was prevented from voting by lack of accommodation. They thereby lost the opportunity to vote.

The individual polling places are inexpensive and there should be a row of them around the interior walls of every polling place in the city. In the Ward 5 precinct referred to there is room for fifteen or more, but only a third of that number was available. The same condition prevailed at the engine house, one of the Ward 3 voting places. Unfortunately other precincts were equally inadequate. This a matter that must be remedied before any other election of any kind can be held. The people cannot be deprived of the right to vote for lack of accommodation.

## STUDENTS WHO WIN

The "idle class" in colleges is not so large after all. Undoubtedly some colleagues would do better elsewhere and make room for others of a more studious bent, but there is another class that the same colleges would not want to lose. These are the students who "work their way." In any large institution there are not an inconsiderable minority.

We are happy to know—and we have been informed of several cases that touch Lowell and vicinity—that college students from Middlesex county find their way through numerous colleges.

When students perform the difficult task of paying all, or a large part of their expenses while in college, we cannot believe that education is becoming "an idle and profitless

pastime," as some would have us believe. The students who really work their way, whether students with ample funds or not, constitute one of the most important elements attending the educational institutions of this country today. The boy who works his way must have ambition; he must have a good constitution, and when such a one gets through college, he usually makes his mark in the world. He has the vitality of character that is necessary in every worth-while achievement.

## BUSINESS OUTLOOK

Here is something that reflects coming prosperity: The railroads loaded more than a million cars of freight in the week ended Oct. 21, latest reported. To that that, you have to go back two years, and even then traffic wasn't much heavier.

Don't worry about a stock market slump, as long as the railroads have more business than they can handle. When freight moves heavily, people are buying and business is betting on prosperity.

A check-up shows that 1600 business firms failed during October. Liabilities or debts exceeded assets by a trifle less than \$15,000,000, or about 17 cents for each American. That's not worth worrying about, considering the big sums on which money is handled in America.

Last January had 2722 failures. Times are much better now. Unless interference comes through speculation with money or goods, look for steady improvement—at least until next spring, probably longer. By that time the factory storehouses will be pretty well filled and because the high tariff shall have largely upset the foreign market, there will be a slowing down of manufacturing products that have formerly been in demand by the export trade. Thereafter there will be a howl against the republican party and favoring a return of the democratic party.

## TURKISH AGGRESSION

The Turkish Nationalists have made demands of the allies for a free rein in Constantinople and for control of the Dardanelles. The Turkish order would prevent the passage of the straits except on permission of the Turkish authorities. That state of affairs cannot be tolerated. France and England have notified Turkey that her demands will not be granted. They will be resisted, if necessary, despite the fact that neither France nor England is in a fit condition to go to war. Even the United States might lend a hand, if necessary, to prevent the Turk from controlling the straits and thereby commanding the strategic position between central Europe and the sea. It was announced that the Kemalists had torn up the Mudania conference, but although the Lausanne conference has been postponed, it will be held and there the fate of Turkey will be decided.

The recent outbreak may have been intended as a demonstration to impress the allies with Turkish power and determination to control Constantinople and enter Thrace. Even this concession is a triumph for Turkey and as a result, the nationalists who have just ordered the sultan to get out, may demand more. They are bent on conquest and only superior force can stop them.

## YEAR'S AUTO FATALITIES

In October the auto factories turned out 214,400 passenger cars and trucks. It was the greatest October ever, for the auto trade. The best previous October record was 200,000 cars in 1919, during the big boom.

The people certainly are expecting good times when they buy cars at the rate of nearly 3,000,000 a year. A good sign, for business booms or slumps, according to the psychological state of the public.

While glad that auto production is booming, remember that it means more cars for the pedestrian to dodge, more caution if drivers want to avoid accidents.

Uncle Sam's census takers announce that 10,168 Americans were killed last year in auto and motorcycle accidents in the death registration district, which includes 31 states.

That would scare us into caution, if it all happened at once. Like the destruction of a town with 10,168 inhabitants. Counting singly, we do not realize the terrible total. Be careful. Save life.

## BATTERY B'S FIELD DAY

The Armistice day celebration plans of Battery B call for no small share of approval on the part of the people of Lowell and vicinity. We are glad to note the revival of healthy activities all along the line in local military affairs, and the plans of the battery-men for an impressive open-air appearance on Nov. 11 at the old Fair grounds, are to be commended very highly.

The battery is also seeking recruits to complete the battery quota. We trust the campaign for membership in this branch of the service will be entirely successful. The people of Lowell take a deep interest always in the working out of military problems of this kind. We are sure the boys who constitute our right arm of protection in branches of the state military service, are worth supporting when they call upon the public for a "show-down."

Don't forget that field day program out at the Fair grounds next Saturday, and let Battery B and all the other military organizations of the city know where you stand when our "first line of defence" takes the floor. The battery is now in safe hands.

## WATERING THE STREETS

Complaints have been made by numerous Lowell citizens of the flood of waters let loose by our traveling street sprinklers in the middle of the day. Water frequently splashes upon the ankles and feet of pedestrians, sometimes also damaging the dresses of women. It seems that this work might be done in the early morning when the streets are not crowded, or, if during working hours, the flow of water should be less copious.

Censorship was beaten, as it deserved to be. The people do not want to establish an expensive bureau at Boston to double the price of the picture shows. If the picture theatres offend, every city has the power to send the manager to jail. Enforce the law.

Now that Plan B has been adopted, we shall have a new city election with the usual exciting contests for nomination and election. As on previous occasions, too many candidates of the same stripe, may help elect the man Plan B was adopted to remove.

There were disappointments, of course; but the results are in the main satisfactory.

## THE MAN ABOUT TOWN

Last year the college extension courses in this city were a great success, but this year, I understand neither the number of classes nor the attendance is up to the standard of last year. This is rather unfortunate for the reason that these classes offer great opportunities for self-improvement by the young people, or old people for that matter, who have to work during the day. The hours for attending the lectures are usually from seven to nine, which should be convenient for almost everybody. The classes in bookkeeping, mathematics and public speaking are among the most important. The last named class should appeal to a great many young men for the reason that there is scarcely anything that will enable a young man to advance more quickly than the ability to express himself accurately and with some degree of force in plain English. The art of articulation seems to be greatly neglected in the ordinary course of education. There is not one singer out of every 25 heard in local theatres or on the general concert stage, who pronounces the words sung in a manner that can be understood by the audience. The same is true of many public speakers. Occasionally you hear a man speak with a fine, strong voice which he betches forth in a volume that completely drowns his articulation. Such speakers simply induce in his hearers a feeling of bewilderment. The rest of the congregation need a man in the pulpit, they know that he is speaking; they hear the sound of his voice, but as for understanding what he says he might as well be talking Greek or Chinese. Some may think this is overrating the facts, but any body who thinks so can easily find out by sitting near the back of a big church when one of these gentlemen undertakes to deliver a sermon. Sometimes the echo in a large church drowns the preacher's voice, but the skilled speaker overcomes this by slow delivery and clear articulation.

It has been noticed of late years that the art of public speaking is being sadly neglected and there is reason to believe that it is also being neglected in the institutions of learning. It should receive more attention in the high schools, as every young man who is required to give a very careful training. Articulation is an art in itself and one of which a great many men who appear on the public platform are woefully deficient. It should, therefore, be a source of pleasure to young men to have the opportunity of improving their articulation and making progress in the art of public speaking. They can do this by attending the class arranged for that purpose and meeting weekly at the high school.

There are a great many deeds of kindness which happen during the day, but which a great many people never hear about for the simple reason that they are done without ostentation or display. I was visiting at the office of Superintendent Atkinson of the police department yesterday at a time when he was being entertained by a very interesting individual from Boston. It happened that this visitor dropped in at the station to recount his experiences since leaving the Hub where he had lived for a period of 35 years. He was on his way to Manchester, N. H., yesterday morning and hadn't a cent in his pocket. Now this man, mind you, was 52 years old with scarce a relative in the world. He had buried his wife and seven children in Boston and had no means of support, and when the big chief realized that the man was undertaking a very dangerous task in attempting to walk to Manchester, he took compassion on him, bought a railroad ticket and even called a hack to take him and had the old but humble Bostonian conveyed to the depot. Superintendent Atkinson has made many friends by just such deeds as this one.

## His Manly Spirit

A sturdy Scotsman had been having a dispute with his wife. He had taken refuge under the bed. As she stood on guard with a stick in her hand, he called from his retreat: "You can leave me and you can hate me, but you can't break my manly spirit. I'll come out."

## A Patient Waiter

A man who had been arrested on suspicion was appearing before the magistrate. "What were you doing when the policeman came?" asked the magistrate. "Waiting, sir," replied the prisoner. "What were you waiting for?" "For money," "Who was to give you the money?" "The man I had been waiting for." "What did he owe it to you for?" "For waiting." "Enough of this tomfoolery!" snapped the magistrate, who by now was very angry. "What do you do for a living?" "I'm a waiter, sir," replied the innocent man.

## Unknown to the Bull

A story is told of a certain Englishman who thought everybody knew or ought to know him. One day he was walking through a field when a bull addressed him in an undertone and made for him with his head down. He was a man of dignity and political power. But he ran. He ran surprisingly well and reached the fence before the bull. He clambered over, out of breath and dizzily, and found the owner of the bull contemplating the operation. "What do you mean, sir?" asked the infuriated animal like that coming about the field? "Well, I suppose the bull has some right in the field," said the farmer. "Right? Do you know who I am, sir?" gasped the politician. The farmer shook his head. "I am the Right Honorable Sir—" "Then why on earth didn't you tell the bull?" said the farmer.

## City and Country

The country folks know everything. That happens 50 miles around. They have no daily paper, but they keep their ears close to the ground.

They know the intimate details of every neighbor's inmost life. Of course they keep them to themselves. Indeed they don't. Not on your life!

They have no daily paper, but learn. And gossip they delight to swap.

Each bit of news they set about. Will go and go, and never stop. For scandal, rumors, tittle-tat. The country people seem to gloat. And one delights a tale to tell. And hear a story in return.

Now in the city you are not. A subject for your neighbor's chat. The chances are you do not know. Who occupies the next-door flat. The country is a lovely place. I like to go there for a rest. But city folks don't watch you, and I think I like the city best.

## REVIVAL SERVICE

An old-fashioned business revival service was held last evening at the Church of the Nazarene in First street, the beginning of a series of similar meetings, with a large gathering from all sections of the city. The preacher was Rev. J. B. McBride of California, and the singer Miss Mabel Manning of Nahant. Revivals will be held every night at 7:30 o'clock, 22 sessions on Saturdays and Sundays. The services on the Sabbath day will be at 10:30, and at 8 and 6:30 o'clock.

## TWO NEW WITNESSES IN HALL-MILLS CASE

NEW BRUNSWICK, N. J., Nov. 8. (By the Associated Press).—Special Deputy General Mott, prosecuting the state's hunt for the murderers of Rev. Edward Wheeler Hall and Mrs. Eleanor of Rehoboth Mills, today announced two men—hitherto unmentioned in the case, had come forward with testimony corroborating the story of Mrs. Jane Gibson, who claims to have witnessed the tragedy in De Russy lane the night of Sept. 14.

This statement by Mr. Mott was coupled with an announcement of his determination to hold off calling the grand jury until next Monday to afford him opportunity to grill the new witnesses and round out the evidence upon which he will seek indictments. Yesterday, before this latest development, it had been intended to convene the grand jury on Thursday or Friday of this week.

The authorities were frank to admit that the two men, whose names they declined to divulge, have thus far failed to indicate they saw the actual murders. They do, however, claim to have seen the two automobiles described by Mrs. Gibson.

## TO DECLARE MARTIAL LAW IN CONSTANTINOPLE

CONSTANTINOPLE, Nov. 8. United in their determination to keep their troops in Constantinople and not to meet the Kemalists demands the allied troops in Constantinople and not to declare martial law and take other stern measures to keep order if necessary.

Yesterday the British thwarted the attempt of the Kemalists to take over the customs revenues by deciding to operate this part of the government themselves. American relief workers, irritated by the Kemalists' attempt to tax their incoming supplies of flour so highly as to make it impossible to unload them, have protested and asked that the exemption of relief supplies from customs duties be continued.

## CONFERS ON MURDER OF AMERICAN IN RUSSIA

MOSCOW, Nov. 8.—(By the Associated Press).—Colonel William N. Haskell, head of the American relief workers in Russia, has conferred with Georges Tchichérin, soviet foreign minister and his assistant Maxim Litvinov, regarding the case of Philip J. Shield, the missing American relief worker believed to have been murdered at Simbirsk. The soviet officials assured him that the government is doing all within its power to solve the case. A message today from Simbirsk said the chief investigator there had announced that he had definitely come to the conclusion that Shield was murdered, and that the motive was robbery.

## WILL CELEBRATE 39TH ANNIVERSARY

Plans were completed today for a gala observance on Thursday, November 16, of the thirty-ninth anniversary of the organization of James A. Garfield Woman's Relief corps. No. 33, at headquarters in Post 120 hall on Merrimack street.

Guests coming to help the Lowell celebrators will include among other members of both the W. R. C. and the A. R. C. representatives of the state departments, among them being Mrs. Carrie F. Loring of Weymouth, W. R. C. department president, and Mrs. Mabel H. Smith of Brighton, department junior vice-president.

A banquet will be served in Post 120 dining hall at 5 o'clock. The program for the evening, beginning at 6:30, will include songs, speaking, instrumental music and dancing. The entertainment will be in charge of the corps' patriotic instructor, Mrs. Annie Holland. Arrangements are being made to entertain more than 100 members and guests. Mrs. Alice M. Schofield is the energetic and popular president of James A. Garfield, W. R. C.

## FUTURES

I'm going to start saving jack  
Tomorrow,  
I'll take my borrowed books all back  
Tomorrow,  
I'll write those letters, that I owe,  
I'll visit Bill, who's sick; although  
Today I can't, I'll surely go  
Tomorrow.

I'll read the books I ought to read  
Tomorrow,  
I'll buy those clothes-books that we need,  
Tomorrow;  
I'll fix that table for my wife,  
I'll sharpen up that carving knife,  
I'll start to lead a nobler life  
Tomorrow.

I'm gonna cut my smoking down  
Tomorrow,  
I'll eat less lunch when I'm downtown,  
Tomorrow;  
I realize I'm oversize,  
And that my way of life's unwise,  
I'll start in taking exercise  
Tomorrow.

The world would be made over new  
Tomorrow,  
If folks did what they promised to  
Tomorrow;  
Alas, our good intent goes lame,  
And so we wallow in our slum,  
And things will be about the same  
Tomorrow!

## THE STATE REFERENDA

Below is a summary of the city vote on the referenda—

No. 1 has reference to the constitutional amendment; No. 2, voluntary associations; No. 3, censorship; No. 4, prohibition enforcement; No. 5, district attorneys shall be members of the bar. It is noticeable that censorship was beaten by a vote of about three to one with a negative majority of 12,550; No. 4 was beaten by a majority of 2712. Nos. 1 and 5 had a "yes" majority in Lowell, but there was a majority against No. 2. The remarkable feature is the sweeping vote against censorship. The figures:

# LOWELL DEFEATS WORCESTER IN FAST OVERTIME GAME, 4 TO 3

## Large and Enthusiastic Crowd Turns Out for Formal Local Opening of National Polo League—Lowell Team Looks Good—Kid Williams Comes Through in Extra Period With Deciding Goal

The new National Roller Polo league got away to a flying start here last night when a large and enthusiastic crowd assembled at the Crescent rink to welcome the return of their favorite sport and all were well repaid for their wait. The opening game, the score being 4 to 3.

This city was always a good polo town and during the long and arduous season that the American league held away here the fans loyally supported the various teams in adversity as well as in victory. Their generous patronage made possible the success of the game enjoyed, but toward the end of last season they were up and down and away to another city. It was a severe blow to the lovers of the game and turned many against the sport and those connected with it.

This was a "legacy" the new promoters faced, but the latter having always lived in Lowell had sufficient confidence in the home folks to attempt a revival, particularly since they insisted upon the old regime being entirely eliminated before organization plans were begun.

That the efforts of the new men were along the proper lines was amply demonstrated at the formal opening last night, when one of the largest crowds seen at a local game since the old battles between Lowell and Lawrence several years ago joined in the robust "come back."

And those who came saw a great game of polo and all went away well satisfied with the outlook and the makeup of the team. The offensive department with Kid Williams and Harlowe, should develop into a good backfield. Lovgren at goal is a capable youngster, whose chessy work last night, brought considerable applause from the fans.

The entire Lowell team played exceptionally smooth polo, far so early in the season and all went away with vigorous applause from the fans. Kid Williams was the fast of past seasons at first rush. He dashed up and down the floor like a flash, and turned in a brilliant exhibition. Harlowe was there in his specialty of "feeding" the Kid like a parent. Harlowe did some very effective blocking and also turned in some classy passing and driving. Mitchell was busy all the way at halfback and he broke up many of the opponents' plans. He also showed he possessed considerable courage by going into a clinch with the giant Jean Lovgren.

For the visitors big Jean was the same tower of strength as of old, and he uncocked a good game of polo, somewhat by a little of the rough stuff. He and Harlowe had a brief clinch but both escaped without any serious injury.

Steve Pierce also was in fine form on the rush line, while Monte Conley at goal turned in his customary brilliant game. Archie Harkins, who played some good defensive playing. Harlowe worked hard on the rush line and he gave promise of improving as the season advances.

Williams scored three of Lowell's four goals, including the first and the last. Harkins counted the other one. Jean drove in a brace for Worcester. Steve Pierce landing the other bulleye. Two minutes after play all ended. Williams took a nice pass from Harkins and caged the pill. Eleven minutes later Steve Pierce knotted with count. Just before the period ended Harkins came through with a beautiful Lowell in front.

The second period was a bitter struggle and for more than 14 minutes both teams battled away without a score. With but 45 seconds to go, Williams hammered one through. Two seconds later Jean banged one in and the period ended 3 to 2 in favor of Lowell.

After the third session got underway Jean tied the score and a stubborn fight followed. Long heavy driving was resorted to by the rival outfits and despite the vigorous work neither team was able to score during the remainder of the period, and the game was forced into overtime. With a brief rest over the teams went at it again, fighting fiercely for the deciding tally. Finally Kid Williams came in from the front and drove one past Monte Conley and the great opening game passed into history.

The lineup and summary:

SALEM WINS  
SALEM, Nov. 5.—The opening of the local roller polo season last night

brought a rather easy victory for Jett Tyler's Salem quintet over the Portland team. Big Bob Hart had a wonderful night and set up the season's record in goal scoring. Eight bulleyes were scored by Hart. The final score was Salem 10, Portland 6.

POLO NOTES  
The next home game will come on Friday night when George (Lefty) Tyler's Salem team will line up against the Lowell Grays at the Crescent rink.

In the Salem lineup will appear the only Lowell man playing polo, Bob Hart, who is nothing as captain of the club for his friend, Tyler. Asquith, who played with Lowell several years ago and who counts a great many friends here, will play halfback for the visitors.

Jett, goal tend for Salem, is a very scrappy player, who a couple of years ago played on the champion New Bedford club.

Rabe Rouchard, who also graduated from a Lowell team and who last season created a sensation at Kid Williams' pal on the Salem and Fall River rush line, will team up with Bob Hart for Salem.

At center field Brown, a well experienced and vigorous player, will perform.

Dufresne, who was allotted to Salem for the center position, refuses to report, despite a very interesting offer from Tyler. It is said the Duke wants to get back with New Bedford and though he is determined not to yield to his request.

Reports from Portland, where Lowell played last Monday night, state the playing of Jack O'Brien at center and Jimmy Purcell at goal was brilliant. O'Brien was all over the board and he played the rushing Kid Williams and the crafty Harkins considerable trouble during the entire game. The Portland team was handicapped by the failure of Red Williams to show up, but despite this fact the club forced the speedy Lowell outfit to the limit to win.

THE HIGH SCHOOL AND TEXTILE TEAMS  
The high school football team played the Textile Seconds at Spaulding park yesterday afternoon. This game, together with Monday's blackboard drill, started the high school squad in its workout in preparation for the Harvard game next Saturday. This game will be played in the down-river stadium, and this makes the third consecutive year in which Harvard has gone undefeated, the locals will do all in their power to dent their record. The failure of Red Williams to show up, suffering from the loss of three star players, first string men, while Lowell is fortunate in having her regular line shape, with the exception of one player, who injured his knee in practice last week.

Lowell's backfield will be coached especially strong the remainder of the week. Coach Dixon is very desirous that his men overcome their habitual tendency to fumble at critical moments, which has caused the loss of many games. The crowd of local spectators is expected to make the trip to Harvard. Tickets are being sold at the school—both admission and transportation.

MULLER HELD BACK BY COACH  
By N.E.A. Service  
BERKELEY, Cal., Nov. 7.—"Buck" Muller, star end of the University of California, and an All-American selection, was held back, though as a football player.

The failure of Muller to do much this fall has given rise to such a rumor. Coach Arley Smith insists there isn't a word of truth in it.

A year ago Muller injured his knee badly, and it still favors it, but according to the coach he will be all right when called upon.

Coach Smith says that he is saving Muller for the game with Stanford on Nov. 23, and the big post-season game with some eastern eleven, which he feels sure California will win the right to play.

Muller pulled a tendon about three weeks ago. This minor injury, plus the desire of Coach Smith to have him in the best of shape for the big game, accounts for the failure of the great end to break into the California lineup.

TRICK PLAY BIG SCORER FOR YOST  
Since Fielding Horace Yost has coached at Ann Arbor, Michigan teams have scored more than 50 touchdowns from one play, a delayed double pass between the half-backs while the full-back plunged into the line to camouflage the trick.

It was this play that gave Michigan her first touchdown against Ohio State. Henry Kippke, running 26 yards around the Ohio state right end, the old point-a-minute football machine of Yost used it and Al Hornsby, one of the great backs of his day, scored seven touchdowns against Boston in one game, running from this play for each touchdown.

The play has been worked, at college with variations, but the principle has never been changed.

| BUTLERS AND CADETS TO PLAY SUNDAY   |  |  |  |
|---|--|--|--|
| All rounds will lead to Spaulding park next Sunday afternoon when the football teams representing the O.M.L. Cadets and the Butler A.A. will meet on the gridiron to settle their long-standing argument. The two teams are in the field for the contest following decisive victories over other teams last Saturday. It will be recalled that the last game between the rivals played about two weeks ago resulted in a 6-0 tie and was witnessed by the largest gathering of football fans ever seen in Lowell. The coming game should surpass anything in the line of spectators, for the entire city seems to have limited its program of the event. Both contingents will continue practicing for the remainder of the week and will have a few surprises in the form of trick plays to furnish the football loving public. Following the example of the big colleges, it is probable that the game will start at 2 o'clock, and thus allow plenty of time for the periods to be played before darkness sets in. Competent officials will handle the game. |  |  |  |

The Ponies 2d want games with any 125 or 130-pound team in the city. St. Peter's Cadets, Lowell, Manchester, Samoset, St. Columba, O.M.L. Cadets, 2d, St. Patrick's Junior Holy Name, or any outfit in town. Practice meeting Wednesday at 7 o'clock in club rooms. All members and players are asked to report. For games call at club rooms on Coburn street or call 2839-W after 6 p.m.

TEXILE JUNIORS  
The Textile Juniors continued their winning streak by defeating the Worcester Juniors by the score of 26 to 6. Games are wanted with teams weighing 15-25 pounds. Answer through this paper.

The match is attracting considerable attention and plans have been made to handle a large crowd.

The Desrosiers-Foley bout is expected to be a slashing number. The pair fought a thrilling battle in Salem a short time ago and are looking for a repetition of the hectic combat.

Nick McDonough of Lexington, who appeared to advantage in one of the preliminaries last week, will play a return engagement at South Boston. Johnny Conlon of Charlestown and Jigger Barry of Somerville will hook up in the other six-round event.

A big amateur boxing tournament will be staged at the Boston Arena tonight.

This tournament will mark the annual ring hostilities between the stars of New York and Boston and with 14 of the best amateur boys in the country participating in the tournament, it is predicted that the event will run second to only the national championships in interest.

New York lost three out of four phases last year and the invaders are coming to the club tonight, firm in their purpose of winning.

In addition to the intercity bouts, there also will be two open classes on the card. The stars of the 112 and 115-pound classes will perform and it is reported that a large entry list has been received.

Parker Beats Tansey  
POSTON, Nov. 5.—Charles Parker's strength and rough milling proved just a little too strenuous for Young Tansey in their 10-round bout at the Armory A. A. show in the Grand Opera House last night. Parker won the decision, but if he had not obtained a good lead in the earlier rounds, he would not have fared so well. Tansey wanted too long to uncover his best fighting, but his performance in the closing rounds gave the fans plenty of excitement. Parker's boxing partner, a son of Kid McCoy scored right and left handers with telling accuracy, but he could not make up the lead Parker earned in the fourth round. Parker would have had to register a knockout to win.

Joe Currie of New Haven defeated Willie Corbett of Somerville in a 10-round bout.

Henry Ford defeated Jimmy Manning in a fast eight-round contest.

By GILLY EVANS  
During the season of 1922 Ty Cobb of the Detroit club added several new records to his credit.

Of his several notable performances none pleased Cobb better than his season's batting average of an even .400.

It was the third time in his career of 15 years as an American leaguer that Cobb batted .400 or better.

In 1911 Cobb achieved the best mark of his career, .420. He came back in 1912 with .410. His ambition to hit .400 for three consecutive years was broken when he piled up the mark of only .350 in 1913.

Getting an even .400 in 1922, however, has enabled Cobb to tie the major league record. It was formerly held by Jesse Burkett, who batted .400 or better in 1895, 1896 and 1899.

Since the close of the present season there has been considerable discussion as to whether or not Cobb really did hit .400 because of a questionable hit.

That argument has been closed by President Johnson of the American League, who has announced that the disputed hit has been allowed.

The final averages of the American league as published had Cobb at bat hit, but later changed his mind and credited Cobb with an error.

An investigation shows that a dozen experts were in the New York press box that day and 11 of them gave Cobb a hit on the play, among them being Fred Lieb, president of the Baseball Writers' association.

The preponderance of evidence proved that Cobb deserved a hit and the disputed bludge was allowed. The official scorer said that he had ruled it a hit, and after thinking it over believed Scott should have handled the play and scored it an error.

Recently while here looking over one of the big football games Moran found time to discuss baseball. He was very enthusiastic over the showing of his club in finishing in second place.

More bustling second was the manner in which it was done, the gameness it required. The Reds and the Yankees to none them out, and that in just what they did.

Pat feels that with a bit of strength added here and there his club will be in shape to make the going very interesting for the Giants next year.

"Ponsequa was a big help to me last season," said Moran, "and he is bound to be a much improved ball player next season. He is a natural hitter and will push Hornsby hard for his honors. Ponsequa doesn't hit them as far as Hornsby, being content with singles."

"A good infield means everything. My infield was a bit inexperienced last year, but should be much improved next season. Ponsequa, Cuyler and Phelan sure have made good."

REDS' SPIRIT MAKES HIT WITH MORAN  
By N. E. A. Service  
BOSTON, Mass., Nov. 5.—Pat Moran, manager of the Cincinnati Reds, is positive that in Louis Ponsequa he has the leading rival for Rogers Hornsby, premier batter of the National league.

# DODGE BROTHERS MOTOR CAR

The evenness of performance so often remarked in Dodge Brothers Motor Cars is due, in no small part, to the thoroughness with which each unit is inspected during the process of manufacture and assembly.

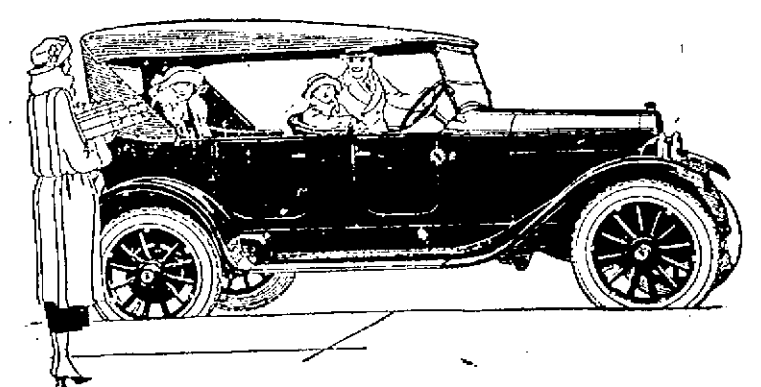

A trained staff of 800 experts is employed in this work alone, and approximately 5285 individual inspections are made on each car.

So exacting and rigid are the standards applied to these inspections that the slightest variation either in workmanship or material is instantly discovered and rejected.

Dodge Brothers are almost-over-scrupulous in their constant aim to make each car as sound and perfect as is humanly possible.

## Jack Daw at Sea! Chapter 4

As the small boat drew up alongside of Jack's raft, the little adventurer was doing some fast thinking. "Shall I go aboard the big boat, or shall I stay on my raft? Jack was asking himself. Then his raft jerked a bit as the small boat anchored to it. The men smiled at Jack.

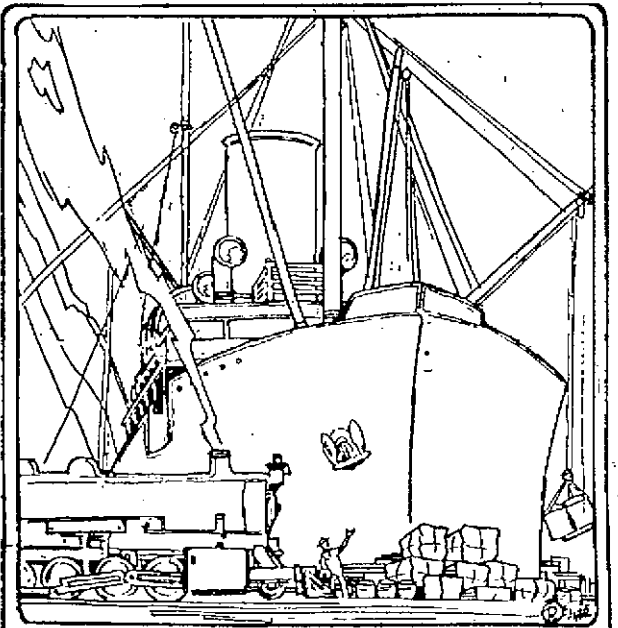

"Hello there, young fellow," said one of the men. "What are you doing out here at sea alone?" "Why, I'm bound for a strange land," replied Jack. "You'd better come along with us," said the man. "We'll take you to shore." "No thank you," Jack replied. "I'm satisfied here."

After much arguing the men started away, as the waves were tossing them dangerously about. "You'll be sorry you didn't come aboard the big ship," they shouted to Jack. "Thanks, just the same," he answered, "but I am going to just let the waves take me where they want to." (Continued.)

## DONAHY IN LEAD IN OHIO

Indications Point to the Elec-  
tion of Democratic Candi-  
date for Governor

Republicans Win in U. S.  
Senatorial and Congres-  
sional Contests

COLUMBUS, Ohio, Nov. 8.—Returns available early today indicated that Ohio voters yesterday elected a democratic governor, a republican United States senator, defeated a proposed constitutional amendment authorizing the sale of wine and beer, returned a majority of the present solid republican congressional delegation, and probably elected republicans to most state offices.

The Ohio election had been heralded by campaign headquarters of both parties as an endorsement or rejection of the administration of President Harding who sent most of his cabinet into the Buckeye state on stump tours. Particular attention was paid to the Ohio election by both parties because this is the home of the president.

Republican leaders claimed today that Ohio voters, by electing a republican senator and by returning a majority of the present solid republican congressional delegation, had voted a strong endorsement of President Harding and his administration.

Democratic leaders were jubilant over the probable election of a democratic governor.

On the strength of early returns today, officials of the Ohio Anti-Saloon league declared that the final majority would reach 100,000 or more.

On return this morning 5787 out of a total of 5167 precincts in the state, A. Victor Donahy, democrat, of New Philadelphia, had a lead of 22,357 votes over Carmel A. Thompson, Cleveland, republican, and former treasurer of the United States. The vote stood, Thompson, 529,953; Donahy, 563,210.

## SUN GAVE EXCELLENT BULLETIN SERVICE

It was the usual "election night crowd" that enjoyed the excellent Sun bulletin service in Merrimack square last evening. The downpour of rain had much to do with dampening the evening's enthusiasm, probably, although until a late hour hundreds remained in the big square and waited for the coming of the bulletin that gave the final and sent everyone home to think it over.

The Sun bulletins were flashed rapidly as soon as the returns from precincts, entire wards and cities and towns came in by telegraph, telephone and special messenger to The Sun editorial rooms.

The bulletin service in Merrimack square for the waiting thousands was never better, and in this connection tribute must be paid to the generosity and kindness of Dr. Otis Allen, who occupies office quarters in the front of The Sun building on the second floor. Dr. Allen's quarters were turned over to the use of The Sun's expert bulletin operators last night, the location for flashing the news being ideal and "just the right height."

The crowd appreciated this bulletin-shooting location as well as The Sun's election news distribution, and Dr. Allen's hearty co-operation in contributing his office quarters to the service of both The Sun staff and the thousands of Sun readers who filled the square to get the first returns, is hereby acknowledged.

## CASES IN THE DISTRICT COURT

In district court today, Alex and Marie Stieckley were charged with illegally keeping liquor. The former was found guilty and fined \$100 while the latter was discharged.

Ludger Langfels pleaded guilty to being drunk and was given a month in which to pay a fine of \$12.

## One Third of Money Raised

Continued from Page One

trams reported a total of \$5223. Of this latter amount division one turned in \$1522 and division two turned in \$1401. The second division promised to overtake the first division and for a time it looked as if it would succeed; that is until the report of Capt. Cameron was read. It turned in 22 subscriptions for \$552 which nullified the gains reported by five teams in the second division.

Capt. L. A. Olney led the second division with 18 subscriptions for a total of \$556. W. H. G. Wright's team turned in 16 subscriptions for \$402. The results today are as follows: Division one—General H. G. Pollard, Capt. D. M. Cameron, 22 for \$552; Capt. G. D. A. Grasse, 6 for \$110; Capt. R. B. Campbell, 22 for \$550; Capt. Another luncheon will be held tomorrow noon at which time it is expected that the \$5000 mark will be reached. At least this is what the men are hoping for.

## Salvation Army Drive

by Merrimack, Prescott, Central and Bridge streets.

The army officials hope that public donations will be as generous as they were last year. If not more so, for Adj. Mark Arnold told The Sun this morning that he and his co-workers hoped to feed more than 500 poor children on Thanksgiving day.

A host of children are being taken by Brother Richardson, a well known farmer out in West Chelmsford, who has long been a friend of the Salvation Army and who is going to not only lower prices on his poultry products this year to aid the army, but to give some of his chickens to the big dinner planners without cost. Adj. Arnold has expressed to the Chelmsford farmer his sincere thanks in behalf of the Salvationists. And Mr. Richardson can be assured that those chickens are going to really "fill a long felt want."

The adjutant hasn't secured a hall for the big holiday dinner as yet, being unable to secure Odd Fellows hall this year. He hopes, however, to make an announcement of interest to Lowell patrons of the army before many days.

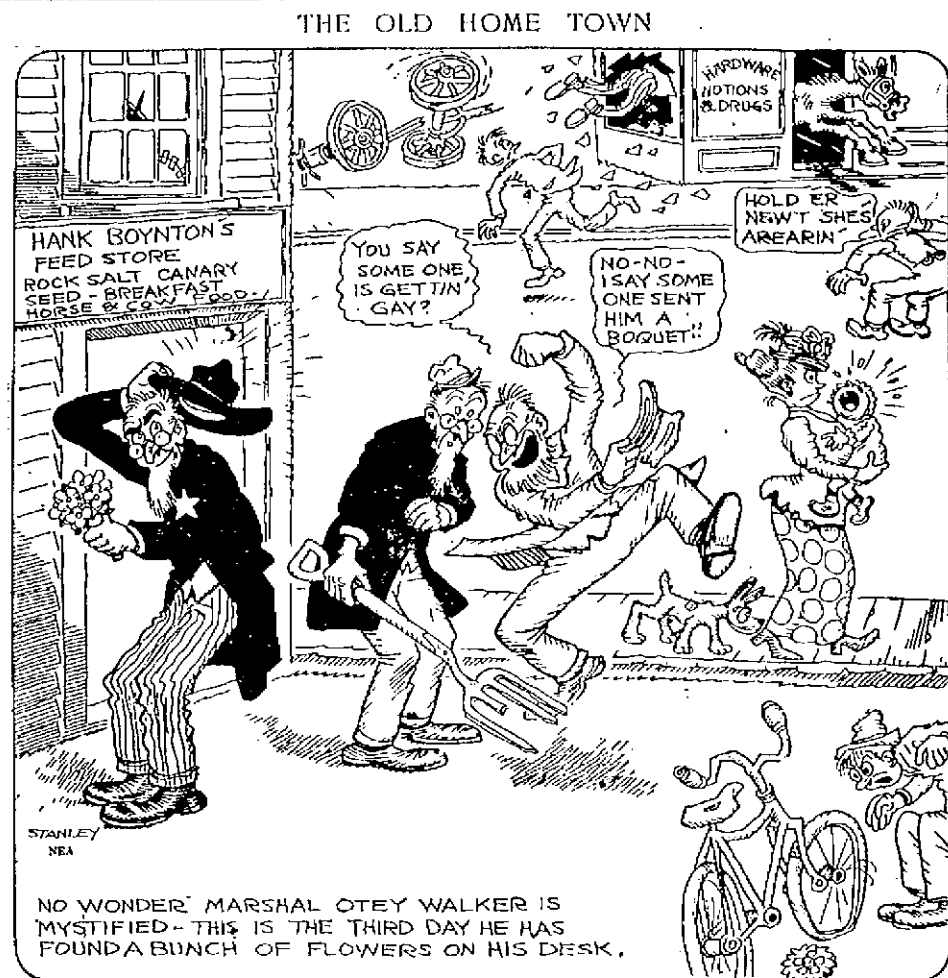

The adjutant asks the public to be as generous as possible. He and his co-workers would also request all givers to send in clothing for boys and girls who are in dire need in numerous Lowell homes of poverty and distress.

On Sunday next there is to be a "big rally" with English Purden of Portland, Me., secretary of the northern New England division, S. A., the principal speaker.

There will be three Sunday meetings—at 11 a. m., 3 and 8 p. m. The latter meeting will be held in the Appleton street headquarters.

At this interesting meeting, with special music and singing, the five months' old baby son of Mr. and Mrs. Mark Arnold, Robert Earl Arnold (the Arnold's "winner" by the sea), will be dedicated to the cause of Christianity and Christian service in the Salvation Army advance. It will be a unique ceremony in many ways, and the Arnolds are preparing for a large attendance of many friends from out of town.

The Army membership locally is now more than 100, and is performing more work than ever. Mr. Arnold said today. Gifts of food, vegetables, fruits, etc., are especially desired at this time of the year to aid the suffering poor and needy.

## For Living Room—Bathroom—Bedroom

A Radiantfire for Every Purpose

Who does not need extra heat some place in his home many times each winter?

You need some kind of heat in the spring and fall months when it would be wasteful to use your furnace. You need reserve heat in mid-winter when the furnace is slow and stubborn. You need more heat in that big living room, in the sun-room or in other rooms not adequately heated by your furnace.

In the Radiantfire you have a wonderful new method of heating by gas—absolutely different from anything you have ever seen. Within one minute after lighting, it will flood your room with amazing heat—wholesome, radiant heat that is absolutely odorless.

There is a Radiantfire for every heating purpose—inexpensive, portable and stationary fires for bungalows, stores and offices, small art models for apartments and bed-rooms and attractive period designs for artistic fireplaces.

Tell us your requirements and we will show you the way to complete heating satisfaction.

The precincts tabulated included the vote from Marion county and all of the large cities of the state. Mr. Rutledge's election was assured.

COLUMBUS, Ohio, Nov. 8.—The lead of Congressman S. D. Fess for senator, Alice Pomerene, the democratic incumbent, was increased to more than 11,000 on additional returns tabulated at 10 o'clock today.

## ADDRESSED STUDENTS AT NORMAL SCHOOL

Dr. Francis A. Flanagan, director of school hygiene in this city, was the speaker at the weekly meeting of the students of the State Normal school, held in the assembly hall of the school this afternoon. The speaker dealt chiefly with the conservation of the health of the school child, which, he stated, is one of the vital assets of our country, in view of the fact that it produces a sound mind in a sound body, an intellectual and moral force, which after a lapse of years will be realized in a strong-minded citizenship.

Dr. Flanagan showed a great familiarity with his subject and was listened to with undivided attention by the large gathering of students. Next week's speaker will be Dr. Walter E. Ferris, superintendent of the Waverly school, Waverly, Mass.
